**THE COMPLETE PACKAGING SOLUTION**

Sixth Edition

# Welcome to the Simpson Packaging Catalogue

Established in 1988, SIMPSON PACKAGING has grown to its present position as one of the UK's leading suppliers of packaging materials, handling equipment and workwear to the removals, self storage and furniture industries as well as being a major force in industrial packaging. This continuing success is due to one major factor: **we put the customer first.**

Our reputation has been built on **quality, speed, and competitive pricing**, areas we are continually striving to improve in our dedication to you, the customer.

SIMPSON PACKAGING remain dedicated to the quality of goods that we supply, whilst also providing innovative new products.

We operate a full quality management system, which complies with the requirements of BS EN ISO 9002. All our products are subject to a rigorous quality inspection prior to despatch.

Our modern storage and administration facility allows for large stock holding, and is ideally located, (M1/M62 junction), making us accessible for collection or despatch on our own fleet of satellite linked delivery vehicles.

WHITE ROSE PACKAGING (page 71) is a manufacturer of bespoke, plain and printed cartons and DEPENDABLE PACKAGING (page 74) is the UK's leading manufacturer of paper blankets and covers as well as being a packaging distributor serving Wales and the South West.

Finally, as a family owned Group of Companies, we have maintained a personal relationship with our ever increasing base of valued customers, whilst becoming a major force within our field. **We are always at your service.**

The Simpson Packaging group of companies are dedicated to protecting and sustaining the environment. We attempt to promote and provide recyclable products wherever possible without sacrificing the need for quality. Please take note of the environmentally friendly products in this catalogue identified by the recycle badge. Packaging waste management information is available on request.

Enhance your company profile. Wherever this logo appears, a personalised printing service is available on those products.

*The suggested applications for the products shown in this catalogue are based on our comprehensive knowledge of these products and their uses in industry. This should only be taken as a guide. As every application is slightly different we strongly recommend that customers conduct tests to assure themselves of the suitability of products before using them. Simpson Packaging endeavours to ensure that all information in this catalogue is correct but does not accept any liability for any error or omissions. ALL RIGHTS RESERVED.*

Stockists of the **SELF PAK** Brand of Retail Packaging.

## Modular Cartons

As the UK's leading supplier of modular cartons we have an extensive range of stock sizes specifically designed to meet your requirements, tried and tested to industry standards.

Manufactured in high quality, rigid flute, corrugated kraft board, our cartons are strong, long lasting and competitively priced. Available for immediate despatch, each carton has our unique branding which includes a dual purpose grid located on the top flaps for use as a **removal/storage carton** or a **standard despatch box**. The modular system allows for optimum use of space and the cartons are compatible with our range of **shipping cartons**. (see page 8)

Ask our sales team about bulk delivery discounts and custom printing options.

Carton	Size	Board Grade
<b>Pack 1</b> (Book Box)	18"x18"x10" 450x450x250mm	Kraft D/W
<b>Pack 2</b> (Tea Chest)	18"x18"x20" 450x450x500mm	Kraft D/W
<b>Pack 3</b> (China Barrel)	18"x18"x30" 450x450x750mm	Kraft D/W
<b>Pack 36</b> (Linen)	36"x18"x10" 900x450x250mm	Kraft D/W
<b>Pack 5</b> (Lampshade)	24"x24"x24" 600x600x600mm	Kraft D/W

Can't see the box you want? Our sister company, White Rose Packaging can manufacture any size or quantity of carton to your design. (See page 71)

## Specialised Cartons

We stock an extensive range of specialised packing and shipping cartons. Custom print available.

Carton	Size	Board Grade
<b>Bike Box</b> (CTNBK01)	58"x9"x38" 1473x228x965mm	Heavy Duty D/W
<b>Golf Box</b> (CTNGB1)	13"x10"x47" 330x254x1194mm	Heavy Duty D/W
<b>Mirror / Picture Pack</b> (MPD2 & MPS2)	32"x22"x3.5" 815x560x90mm	D/W & S/W

The mirror picture cartons have two open sides allowing them to be interlocked for the packing of larger mirrors/pictures.

## Bitz Box

The 'Bitz Box' is for all those 'Bits and Pieces' that get lost during a house move such as keys, remote controls or screws for the flat pack wardrobe! Its stand out design means it is easy to spot on a loaded van or in storage and reduces the need for panic.

Carton	Size	Board Grade
<b>Bitz Box</b> (CTNBB01)	9"x9"x10" 229x229x254mm	S/W

## Pack 6 and Bottle / Glass Packs

The **Pack 6** is ideal for books and crockery and with the addition of cell divider sets can be adapted to pack bottles and glasses.

Carton	Size	Board Grade
<b>Pack 6</b> (CTN6BM01)	18"x13"x13" 457x330x330mm	Heavy Duty D/W
<b>Wine Pack</b> (CTN6CD01)	15 cells	S/W
<b>Glass Pack</b> (CTN6CD02)	30 cells (+ layer pad)	S/W

## CD/DVD Carton

The **CD/DVD** carton is a die-cut box which allows easy assembly without the need for tape. CD's and DVD's can be simply lifted from the shelf to the box for storage or transportation and kept in order.

Carton	Size	Grade
<b>CD/DVD Carton</b> (CTNDVD01)	26"x6"x6" 584x152x152mm	S/W

## Retail Cartons

Our range of retail cartons are ideal for storage and removals and can be purchased individually or pre-packed for onward sale. See page 46 for more details.

Carton	Size	Qty Per Pack
<b>Small</b>	355x255x355mm	5
<b>Medium</b>	405x405x405mm	5
<b>Large</b>	455x455x550mm	5

## Computer / IT Box

**Computer Boxes** are manufactured from heavy grade double wall cardboard and are used extensively in commercial moving for storage and transportation of PC's and other IT and electrical equipment. Computer Boxes are used in conjunction with our **Anti-static** (pink) **bubble bags** available on perforated rolls of 100.

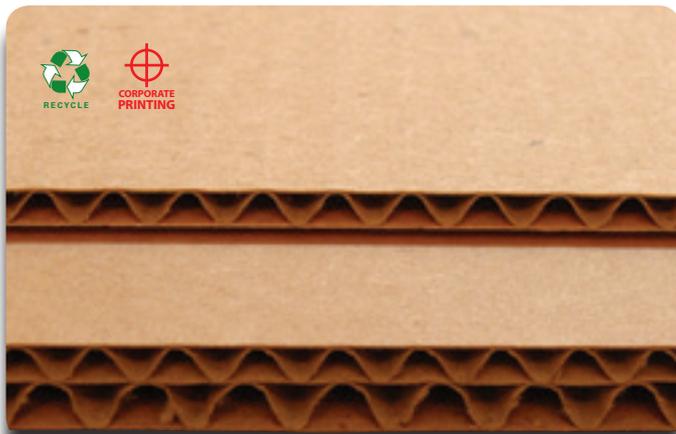

Carton	Size	Grade
<b>Computer Box</b> (CTNCB01)	22"x22"x22" 560x560x560mm	Heavy Duty D/W

## Plasma TV Carton

**Plasma TV Cartons** are ideal for packing and shipping flat screen TV's. Fully overlapping flaps give maximum strength at the top and base of the box and the print design calls for "Extreme Care" when handling.

Carton	Size	Grade
<b>Plasma Carton</b> (CTNPLA01)	48"x13.5"x32.5" 1200x340x830mm	Heavy Duty D/W

## Sheet Board

Available in double wall or single wall, cardboard sheets are ideal for export wrapping, layer dividing and pallet top covers.

Board Grade	Size
<b>Double Wall</b>	2410x3000mm 1205x1500mm
<b>Single Wall</b>	2410 2500mm 1205x1250mm

Sheet board can be cut to your specific requirements – ask for details

## Bottle Pack

The **Bottle Mailing Box** is approved for postal use. The heavy one piece box has a bubble liner for secure wrapping of a single bottle.

## Recycling Bin

Supplied flat packed with separate base and lid, **Cardboard Recycling Bins** are easy to assemble and ideal for your office recycling scheme.

Carton	Size	Grade
<b>Cardboard Recycling Bin</b>	15"x15"x20" 380x380x520mm	D/W

## 'File Away' Archive Storage

The 'File Away' carton is extensively used in both the office and commercial markets for document storage. Easily assembled, the box has an integral lid, carry handles and 'CONTENTS/ DESTROY DATE/BARCODE' printed panels. Custom made sizes and personalised print options are available through **White Rose Packaging**. (See page 71)

Standard File Away  
**FAL1**: 385x310x245mm

Large File Away  
**FAL2**: 406x331x318mm

## Made To Measure Cartons

**Can't find the box you want?**

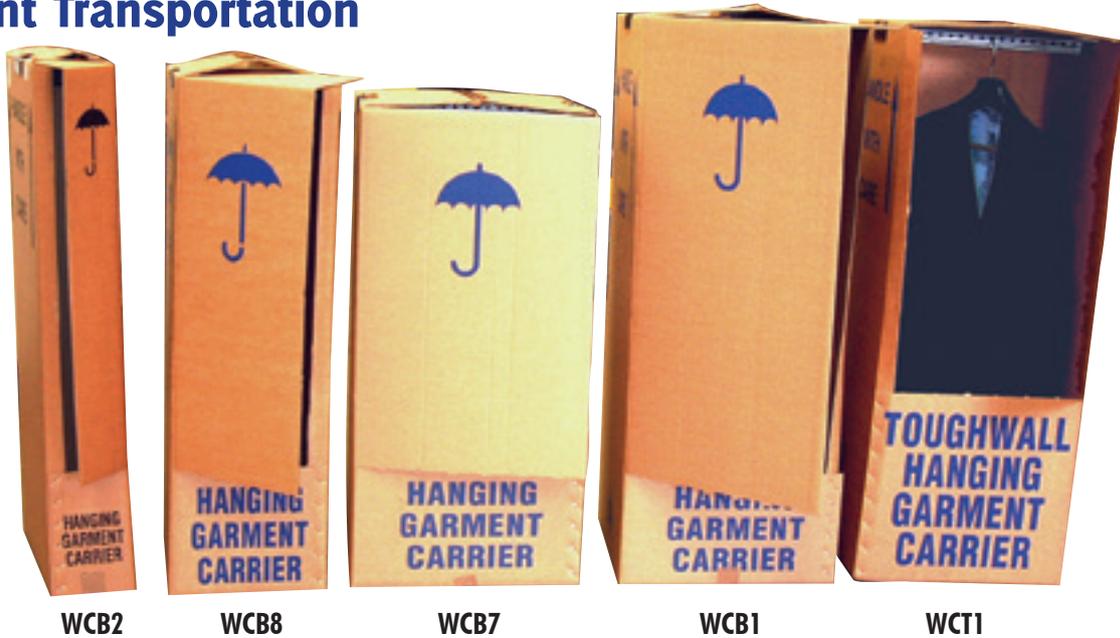

Our sister company **White Rose Packaging** can manufacture any size, style and quantity of carton you need. See page 71 for more details.

We specialise in "Just in Time" made to measure bespoke carton requirements. From "one offs" to multiple thousand runs, standard boxes to diecuts and special fittings we have the right solution for you. Call our sales team at WRP on 0113 246 0410.

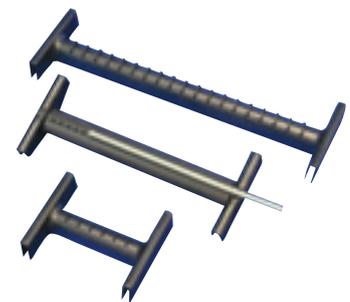

## Garment Transportation

**Wardrobe cartons** are ideal for the transportation and storage of garments. The die-cut cases are designed with a hinged access door, pre-cut carrying slots and fitted with a plastic hanging bar/rail. Our stock range is produced from heavy duty double wall kraft board to offer maximum strength and longevity. The strongest of all is the 'Toughwall' wardrobe (WCT1) made from kraft/kraft export strength cardboard.

**Bulk delivery and custom printed options available**

Code	Size	Board Grade	Bar Size
WCB2	20"x6"x42.5" (single suit)	Kraft D/W	6"
WCB8	20"x12"x42" (mini wardrobe)	Kraft D/W	12"
WCB7	20"x18"x40" (short wardrobe)	Kraft D/W	18"
WCB1	20"x18"x48" (std wardrobe)	Kraft D/W	18"
WCT1	20"x18"x48" (toughwall wardrobe)	Kraft T/W	18"
WCB1/ XROBE	Expanda Robe for WCB1/7 & WCT1	Kraft D/W	N/A

Various Hanger Rail Options

Plastic Rail with Slide Lock

## Plastic Reusable Cartons

Heavy duty **plastic corrugated wardrobe cartons** are available from stock. Robust and weatherproof these die-cut, flat pack garment cases are self locking and do not require sealing tape.

The hardwearing plastic can be printed to your specifications and the long life of the box gives excellent value for money compared to traditional cardboard boxes. The same material can also be used to manufacture other cartons such as pack 2's or pack 6's (as shown top right). These heavy duty, reusable boxes have "crash lock" (self locking) tops and bottoms, along with carrying handles. (MOQ's apply)

**COST REDUCTION THROUGH REUSABLE PACKAGING**

Telephone: 01924 869010

Email: sales@simpson-packaging.co.uk

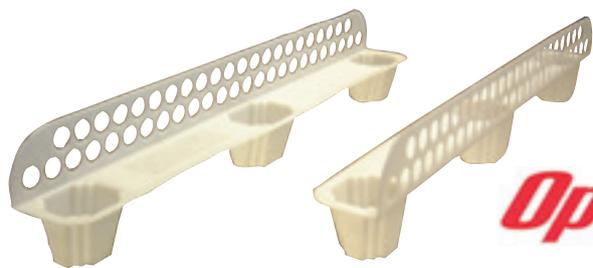

## Shipping Cartons

The 'S' range of cartons is specifically designed to protect export shipments.

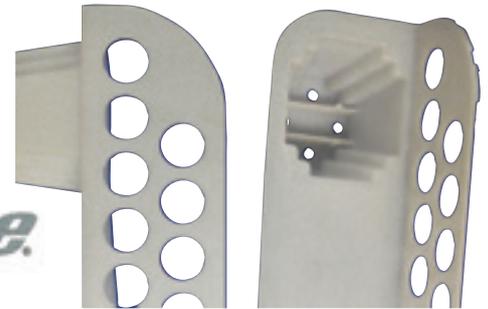

Manufactured from heavy duty 'Toughwall' board and wire stitched, our stock sizes are designed to compliment the range of modular cartons (see table below) to allow optimum use of space.

**Bespoke pallet boxes or 'cap and sleeve' packs can be made to your specification (see White Rose Packaging on page 71).**

S1	to accommodate 8 x No. 2 Cartons Size: 953x953x1080mm
S2	to accommodate 4 x No. 3 Cartons Size: 953x953x800mm
S3	to accommodate 4 x No. 2 Cartons Size: 953x953x546mm
S4	to accommodate 2 x No. 3 Cartons Size: 939x476x800mm

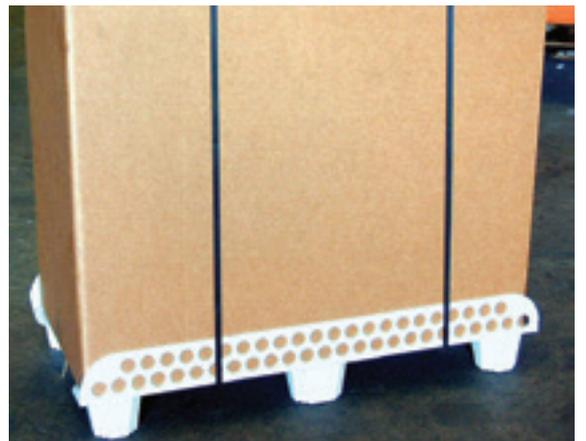

**OptiLedge.**

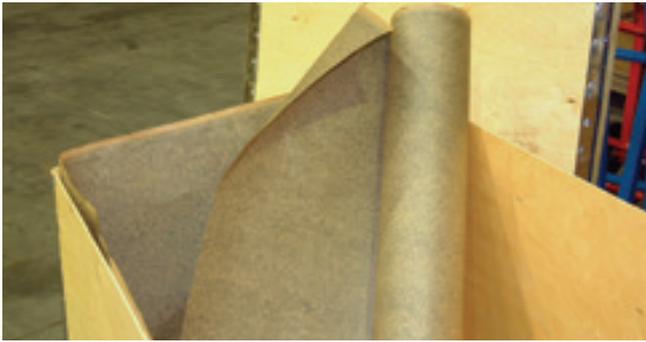

Regulations on wooden packaging are becoming more and more stringent, plastic pallets are expensive and cardboard pallets are ineffective against water. The revolutionary one-way **Optiledge system** is a simple, lightweight, L-shaped unit load transport device, which can be fitted in an infinite number of ways to accommodate an endless variety of goods. Manufactured from high impact polypropylene (PP) **Optiledge** is 100% recyclable, and a pair are capable of supporting almost two tons of product. **Optiledge** is hygienic, easily stored, extremely cost effective and works with most common handling equipment.

**It's SIMPLE LOGIC, why fit your product to a shipping platform, when you can fit your shipping platform to your product?**

## Waterproof Kraft Union Moisture Protection

Ideal for case lining, **kraft union paper** is made with bi-tumen layers to give a tough surface, which is puncture resistant and a barrier to water.

**RWTP1**: 900mm x 100mtr **RWTP2**: 1200mm x 100mtr

**We stock a full range of enviromentally friendly paper products for a multitude of applications**

## VCI Kraft Paper Corrosion Protection

**Volatile corrosion inhibitor (VCI) paper** is specially coated to prevent rusting of ferrous metals in storage or transit.

Available in rolls or pre-cut sheets.

**VCI01**: 1000mm x 200mtr x 55gsm roll

**ARP01**: 450x600mm x 55gsm sheet (500 per pack)

## Cold Seal Tape

**Cold seal tape** is laytex covered kraft paper rolls which sticks to itself and not your product, allowing items to be wrapped and sealed without the need for tape, glue or staples.

**CST01**: 110mm x 200mtr roll

## Waxed Kraft Paper Protects From Oil & Grease

**Wax impregnated kraft paper** is ideal for wrapping oily or greasy machine parts. This product is also water resistant making it ideal for the wrapping of highly polished furniture.

**RWP1**: 900mm x 200mtr

## Pure Kraft Paper General Purpose Wrapper

**Pure and imitation kraft** wrapping papers are available in sheet or roll form and are used for wrapping a wide variety of items for despatch. It can also be used as an economical void filler.

## Jet Wraps

**Jet wraps** are a purpose made product for fast and efficient wrapping of glassware and crockery. Manufactured from kraft and corrugated paper.

**JW1**: 19"x9" 50 (per pack)

## Acid Free Tissue

**Acid free tissue** paper is ideal for wrapping delicate items, fabrics and polished surfaces without any risk of tarnishing. Available in sheet or roll form.

**ACT1**: 500mm x 750mm (500 sheets per ream)  
**ACT2**: 900mm x 1000mtr (roll)

## Crêpe Paper Coils

**Crêpe paper coils** are ideal for wrapping awkward shaped items such as chair legs.

**CPC1**: 80mm x 20mtr (27 rolls per box)

## Coloured Tissue Paper

Machine finished coloured tissue paper is the ideal choice for product presentation.

The material is bleed resistant and acid free.

**Sheet size**: 500mm x 750mm  
**Colours**: Black, Light Blue, Green, Pink, Red, Yellow.

## News Off-Cuts

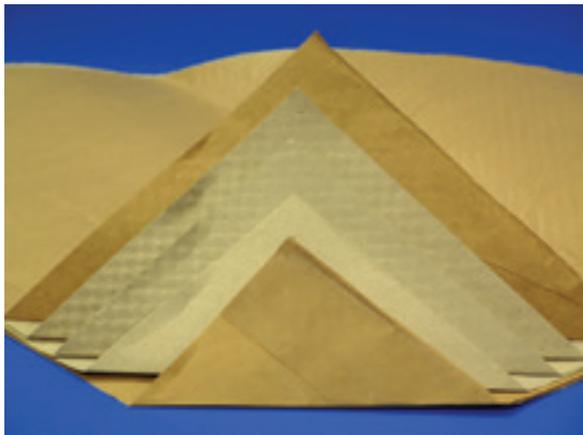

Code	KG's	Sheet Size	Approx Sheets	Pallet Qty
<b>PP2</b>	2.5	20"x30"	150	400
<b>PP5</b>	5	20"x30"	300	200
<b>PP10</b>	10	20"x30"	600	100
<b>PP10/A</b>	10	30"x40"	300	100

**News off-cut paper** provides a fast economical method of wrapping and void filling. This versatile product is extensively used in removals and storage to pack crockery and glass ware and is also suitable for wrapping food products.

## Paper Blankets

**Paper Blankets** offer the ideal protection for highly polished antiques or reproduction furniture. Used mainly in export and storage markets, the blankets are made from a combination of smooth and quilted (embossed) paper to give maximum protection.

Code	Size (mm)	Ply	Finish	Outer gsm	Blankets per pallet
<b>PB4</b>	1030x1800	4	Kraft	40	1000
<b>PB5</b>	1030x1800	5	Kraft	40	750
<b>PBW5HD01</b>	1030x1800	5 (H/D)	White	90	750
<b>PBW5L01</b>	1350x2250	5 (H/D)	White	90	500
<b>PBPTON01</b>	1030x2100	5 (H/D)	Kraft	110	500
<b>PB7</b>	1030x2300	6 (H/D)	Kraft	110	500
<b>RPB4</b>	1030x33mtr (roll)	4	Kraft	40	single roll

We print in-line so minimum order custom printed quantities are much less than our competition – ask for details.

Paper blankets are the most economical, environmentally friendly form of export wrapping available.

Examples of customised in-line printing.

**Our group company; Dependable Packaging Ltd. is the UK's leading producer of paper blankets and furniture covers. For larger quantities, customised print and special sizes why not buy direct from the manufacturer. See page 74.**

## Protective Paper Covers

Fast and user friendly, **paper mattress** and **furniture covers** are designed to save valuable time when export wrapping. Manufactured from heavy duty kraft paper with quilted cushioning layers, the seams are stitched for maximum strength and durability, and colour coded by size. The covers are available in a comprehensive range to fit securely over all sizes of furniture.

(Box quantity: 500)

## Polypropylene Sacks

These heavy duty sacks are used throughout industry for packing heavy metal parts. **Polypropylene sacks** have a stitched end for extra durability and offer significant cost advantages. Customised printing is available. Polypropylene sacks are ideal for use as sand bags. Also supplied as tubing and single wound sheet.

Code	Size
PS01	18"x24"
PS02	20"x36"

## Dust Extraction Bags

**Dust Extraction Bags** are heavy duty polythene bags designed to be attached to extraction units to collect airborne dust for disposal.

Code	Size	Quantity
DEB1	38"x48"	100 (box)
DEB2	38"x63"	100 (roll)

## Polythene Furniture Covers

Our comprehensive stock range of **polythene furniture covers** offer the solution to dust protection in storage or transit. Ranging from mattress bags to settee covers, or dining chair covers to carpet sleeving. We have a cover to suit every application.

Perforated on a roll

All of our furniture covers are perforated on the roll for ease of use and can be packed individually for point of sale display. (see page 46)

**Polythene lay flat tubing** is the easy and economical way to produce your own bags. Available in a wide stock range of sizes and thicknesses, the film can be clear or opaque for security. Tubing is also ideal protection for long, awkward items such as curtain poles, steel tubes or even large upholstery.

## Heat Sealers

Low cost **heat sealing equipment** is used in conjunction with layflat tubing to make sealing quick and easy. The machines have a two way cutter and come in a range of widths. Unrolling device sold separately.

**Automatic Heat Sealers** are used for continuous sealing of polybags or tubing with an electronic timer and magnet.

Heavy duty Industrial heat sealing system with magnetic cooling head ensures a consistent quality seal.

**ASK FOR A DEMONSTRATION**

## Centre Folded Polythene Sheeting

**Centre folded polythene sheeting** is available in a range of stock sizes and thicknesses. It is weatherproof, dust resistant and allows for easy handling and storage. Ideal for the protection of bulky items and surfaces.

Code	Width (mm)	Length (mtr)	Thickness
<b>CSMD1</b>	(1000)/2000	100	250g/62.5mu
<b>CSHD1</b>	(1000)/2000	50	500g/125mu

<b>CSHD2</b>	(2000)/4000	25	500g/125mu

## Stretch Film

**Stretch wrap** is the most cost effective way to palletise your products. We stock a comprehensive range including flushcore (STD) and extended core hand film, black opaque security film, handy wrap mini bundling reels and jumbo machine applied rolls.

**Extended core blown and cast films** allow smooth, low friction application with standard palletising.

**Machine applied stretch films** are strong, versatile and available for use with either standard core brake machines or power pre stretch machines. (see page 20 for our stretch machines)

**Blown Stretch Film:**

- Excellent Puncture Resistance
- High Tackability
- Superior Load Stabilisation
- Temperature Resistant

**Cast Stretch Film:**

- High Clarity
- Smooth Finish
- Strength & Cling without additives
- High Performance Film

**Black opaque film** for palletising secure and confidential consignments to guarantee pallet contents cannot be identified. Other colours available

**Handy Wrap Mini Reels** are ideal for securing small boxes or bundling awkward items together for use with handy ergonomic dispenser. CLEAR OR BLACK

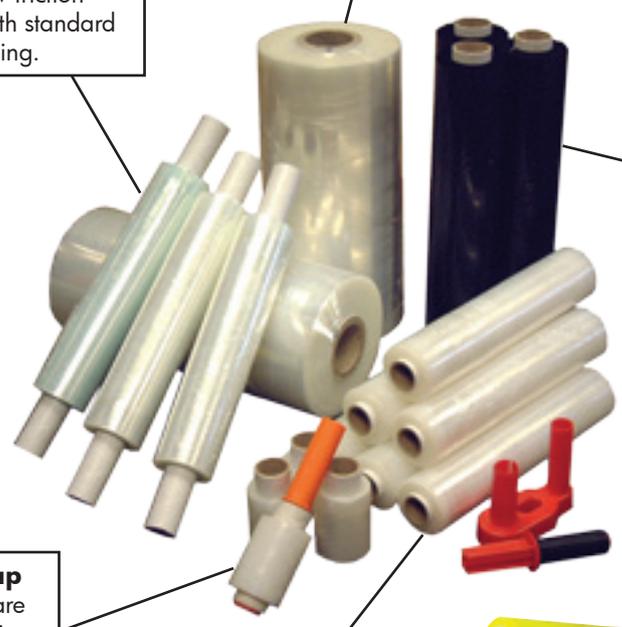

**Flush core blown and cast films** for standard palletising and deep freeze storage. Can be used with our range of dispensers.

**Coloured stretch**

**Stretch film dispenser**

## Q-Lite Pre-Stretch Film

**Q-Lite pre-stretch film** makes wrapping pallets easier and more efficient. There is no need to stretch the film thus giving less operator fatigue and back strain. Q-Lite allows for superior load holding, lower packaging cost, reduced waste and high tear and impact resistance.

**Applying Q-Lite is quick, easy and safe:**

1. Q-Lite is already pre-stretched so needs less tension and is easier to apply. Unwind one metre of film and tie to the foot of the pallet.
2. Wrap around the base of the load and the pallet 3-4 times to secure the two together.
3. Continue to wrap around the load in an upward spiral motion allowing a 30-50% overlap.
4. At each corner, stretch the film slightly and continue to wrap without using force.
5. To finish, tear off the roll and secure the loose end to the pallet by applying light pressure with the palm of your hand.

## Stretch Wrap Machines

The transition from hand to machine wrapping is extremely cost effective due to the savings on time, film cost and manpower. We supply a range of **standard core break** and **power pre-stretch machines** along with accessories.

### Features

- 300% power stretch:  
1 metre of film pre-stretched to 4 metres
- Pallet height photo sensor
- Adjustable tension, turntable and carriage speed
- Soft start and stop with cycle pause function
- Choice of automatic or manual modes
- 180 degree rotating control box
- Troubleshooting information show on screen
- Safety switch to prevent foot pinch
- Manual reinforced stripping feature
- Automatic film pin puncture
- One way idling roller (keeps film tail outside carriage)
- Ramp available for easy loading using pallet trucks

### Specifications

Dimensions (W x D x H)	1500 x 2400 x 2345mm
Max. wrapping height:	2000mm
Max. turntable speed:	12 rpm
Max. loading weight:	1650kg
Turntable diameter:	1550mm
Power supply:	240V 13A
Power consumption:	1.2kW
Unit weight	450kg

**ASK FOR A DEMONSTRATION AND MORE INFORMATION**

Manual Speedy Wrapper

Polythene pallet top covers also available

## Shrinkwrap

**Polythene shrinkfilm** is available as preformed bags, centrefold or single wound sheeting depending on your application. Once heated this film fits like a second skin around the contours of a product. This gives protection against dust and moisture whilst offering stability when the product is palletised and easy identification. Available from stock.

**Mobile dispensers** are available for ease of use with single wound or centre folded shrinkwrap. These portable trolleys are also ideal for dispensing large perforated bags. The frame is sold with one spindle, others can be purchased separately to accommodate a range of widths and sizes of bag.

Code	Size (mm)	Approx. Length	Weight	Thickness
SF2	1000/2000 C/F	215mtr	50kg	500g/125mu
SF1	1500/3000 C/F	145mtr	50kg	500g/125mu

SF4	2000/4000 C/F	110mtr	50kg	500g/125mu
SFB02	1250x2300x2150 (bag on roll)	35 per roll	28kg	500g/125mu

**Bespoke and custom printed options available to order. (minimum order quantities apply)**

## Shrinkwrap Guns

Lightweight and user friendly the **RIPACK 2200** is safe, portable, and economical. Supplied in its own case the kit includes a Ripack 2200 Gun, 8 metres of hose, safety regulator, adjustment spanner and instruction manual. Powered by propane gas. Mobile gas bottle trolleys are available.

The unique 'Cold Nozzle' means this durable, heavy duty shrinkgun is completely safe at all times as the flame and nozzle never come into contact. The flame is fanned out covering a greater area and speeding up the heating process. The Ripack 2200 is ergonomic, lightweight and easy to handle, reducing user fatigue and enhancing operator performance. A dual safety regulator, automatic shut off valve and dead mans handle make the Ripack 2200 a safe, reliable, high performance shrink system. (Propane gas not supplied.)

Economy Shrinkgun system also available

**ASK FOR A DEMONSTRATION**

Cold Nozzle

## Shrink Systems

The new range of **Chamber Shrink Wrappers** offer the very best in heat shrinking technology. All models seal and shrink in one operation using centre-fold shrink films with very low energy consumption and comes with some of the most advanced features possible with electronic controls. The film is kept open around the product loading tray. The operator then easily inserts the product and moves it along with the film to the sealing position and brings down the hood to initiate the sealing process. This is followed by the magnetic hood maintaining the sealing position. Hot air is circulated inside the transparent chamber in the hood down position for excellent sealing around the edge of the package.

Machine Features	
Power Supply	110/220/230/240V, 50/60HZ, 1 Phase
Max. Power Consumption	3.77 kW
Effective Power Consumption	1.6 - 2.3 kW
Sealing Dimension	420mm (d) x 550mm (l)
Max. Height of Package	250mm
Machine Dimension	1320mm (l) x 820mm (w) x 645mm (h)
Max. Film Dimension	600mm x Ø250mm

An all in one, table top, **complete shrink system**. Ideal for quickly wrapping, sealing and shrinking film around products up to 800mm in width. The system is suitable for use with centrefold **PVC or Polyolefin shrinkfilm**, which is available in a range of widths and thicknesses.

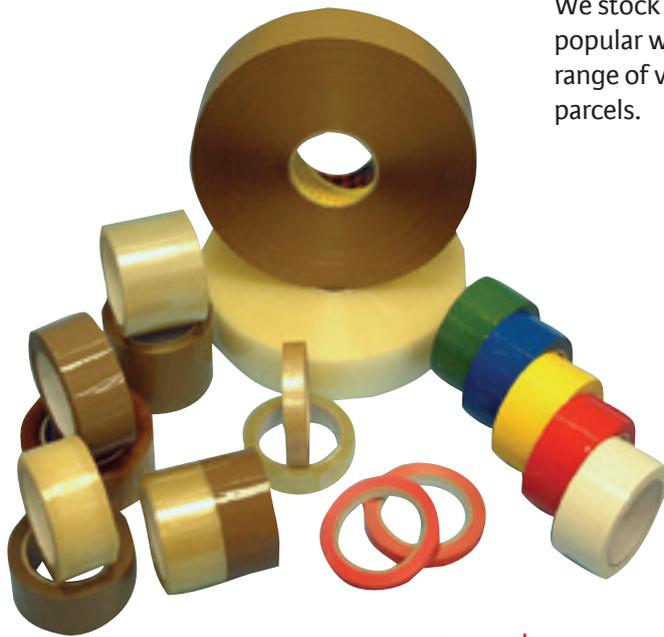

**ASK FOR A DEMONSTRATION**

## Carton Sealing Tapes

### Material and Adhesive Characteristics

Material
<b>PVC/Vinyl</b> – Strong, slow release, easy to tear, quiet coming off the roll
<b>Polypropylene</b> – Quick release, difficult to tear, used with dispensers, noisy coming off the roll, economical, very flexible
<b>Low Noise Polypropylene</b> – Slow release, difficult to tear, used with dispensers, silent coming off the roll, uv resistant

Adhesive Types
<b>Solvent</b> – Temperature and humidity resistant, slow release, long lasting adhesion.
<b>Hot Melt</b> – Solvent free adhesive
<b>Acrylic</b> – Aggressive, water based, environmentally friendly

We stock a comprehensive range of quality packaging tapes in every popular width and colour. Buff, clear, and white are standard, whilst a range of various coloured tapes are ideal for colour coding packs and parcels.

We also stock 990m machine rolls to be used in conjunction with automatic case sealers. We supply fully/semi automatic machines for cost efficient top and bottom carton sealing. Ask our sales team for details.

## Pre-Printed Warning Tapes

Help protect your products from transit hazards by using **pre-printed warning tape**. Designed to clearly stand out in highly visible red print on a white background, our range includes 'Glass', 'Fragile', 'This Way Up' and 'Handle With Care'. Printed quality control tapes are also available such as 'QC Pass/Fail' and 'Quarantine'.

## Big Tape

# BIG TAPE™

**Big Tape** has a small core allowing 150 metres of tape to be wound onto the roll. This reduces storage space and packaging and increases performance and productivity by cutting roll change 'down time'.

### BIG TAPE™ PLUS 150

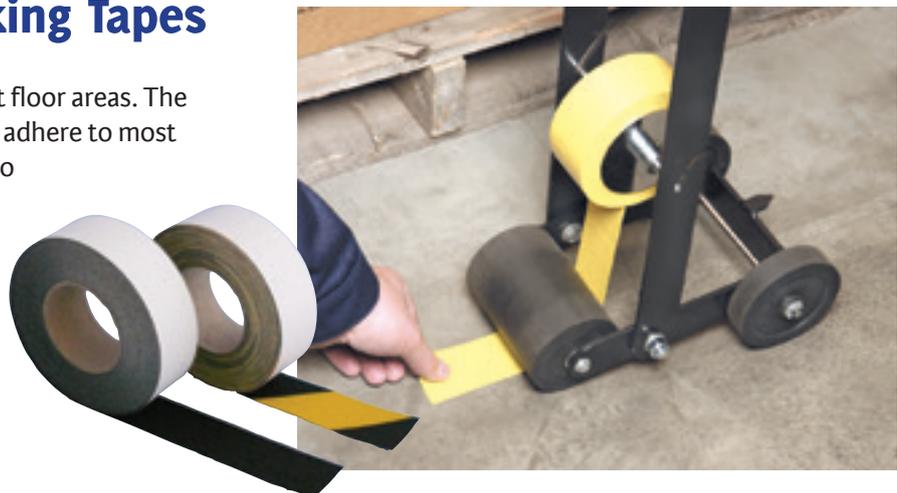

- High Quality polypropylene packaging tape with a high tack low noise adhesive.
- Ideal for everyday use.
- Available in Brown / Clear / Fragile
- 72 boxes per pallet. 36 rolls per box.
- Roll size 48mm x 150m.

### BIG TAPE™ S-150

- Premium Performance heavy duty tape with a strong solvent adhesive. Ideal for all applications including both chilled and humid conditions.
- Available in Brown & Clear
- 72 boxes per pallet. 36 rolls per box.
- Roll size 48mm x 150m.

## Anti-Slip / Floor Marking Tapes

**Floor marking tapes** mark and highlight floor areas. The rolls are abrasion and tear resistant and adhere to most clean surfaces. Floor marking tape is also available with an anti-slip coating for stairs and fluorescent for dimly lit areas. They are resistant to water, temperature, UV light and cleaners. A sturdy metal dispenser that makes application of floor tapes easier is also available.

## Masking Tape

Suitable for temporary paint masking and surface protection, our highly adaptable crêped paper masking is easy to apply and removes cleanly after use. **Masking tape** is available in a variety of stock widths and 50mtr length rolls.

Various qualities are kept ex stock depending on your application.

## Double Sided Polypropylene Tape

Polypropylene general purpose **double sided tape** is ideal for secure fixing and mounting. Its hot melt adhesive bonds to paper, board and card making it suitable for a variety of applications. Transparent in colour, double sided polypropylene is stocked in a variety of widths and 50mtr length rolls. Special double sided tape dispensers are available.

## Double Sided Fingerlift Tissue Tape

**Fingerlift (extended liner) tapes** allow increased batch production efficiency, combined with easy removal of the tape liner during use. Tissue tape is easily torn for speed of application and is ideal for bonding paper, card and plastics.

## Double Sided Foam Tape / Pads

**Double sided foam tapes** are available in various widths and thicknesses. They offer not only a firm bond but also cushion joints, fill gaps and are ideal for use on irregular surfaces. Foam tape can be die-cut to produce pads or even shapes for specific applications.

## Double Sided PVC Tape

This high tack double sided tape offers excellent durability when applied to plastics and metals. Due to its resistance to UV and extreme temperatures it can be used outdoors as well as indoors and comes with a silicone paper liner. Common applications include banner hemming and other uses within the signage industry.

## Double Sided Polyester Tape

This clear double sided tape has a high tack solvent acrylic adhesive offering a good initial bond. It has excellent UV resistance, offering high all weather performance and comes with a red filmic liner. It is used for bonding plastics and metal profiles to irregular and flat surfaces.

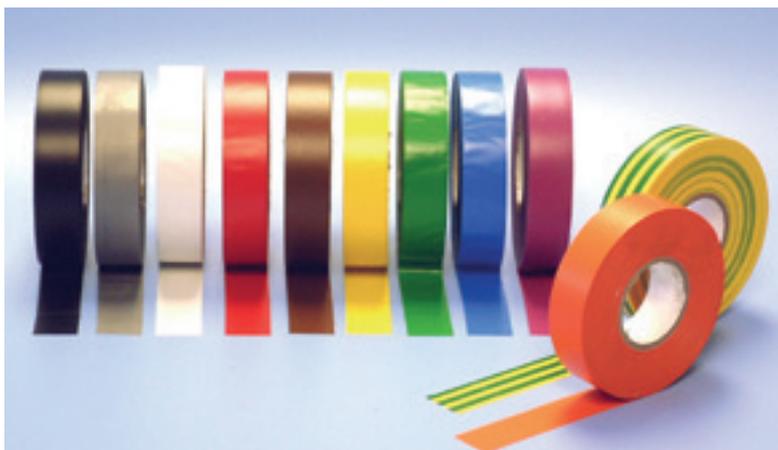

## Perm / Peel Tape

**Perm/Peel Tape** is used when only a temporary fixing is required. It has a polyester carrier with a permanent acrylic adhesive one side and a low tack peelable adhesive on the other.

## Adhesive Transfer Tape

Designed for the print finishing and picture framing industries, this acrylic permanent adhesive tape offers easy application by either hand or dispenser. The bond is instant eliminating drying time. Dispensers sold separately.

## PVC Electrical Tape

**PVC electrical tape** is suitable for use in all electrical installations, civil and industrial. It is a self extinguishing tape which conforms to BS3924 and EN60454/1 specifications. Applications include wire and cable insulation, colour coding and masking during chemical process plating.

## Acrylic Foam Tape (VHB)

**VHB Tape** is a permanent extruded adhesive providing an extremely high strength bond, replacing the need for rivets, screws and bolts in many areas of industry, such as construction, transportation and signing. This clear adhesive is weatherproof, long lasting, easy to apply, cost effective and used for bonding metals, plastics, composites and ceramics.

## Hazard / Barrier Tape

Black/yellow **heavy duty hazard tape** adheres to walls and floors to highlight any dangers. Non-adhesive **barrier tape** is suitable for marking outdoor hazards and dangerous areas. Barrier tape can be printed to specification such as specially designed

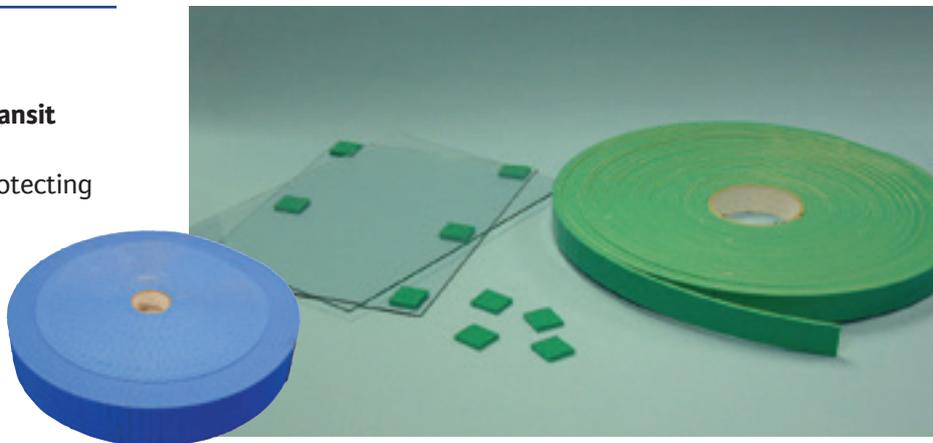

## Transit Pads

Supplied on rolls and easy to use, **transit pads** separate products to prevent scratching and damage. Ideal for protecting sheet glass and panels, the pads are available in a range of sizes and thicknesses with a low tack single side adhesive.

Jumbo rolls are also available (20,000 per roll).

Jumbo rolls

## Hook and Loop Fastener

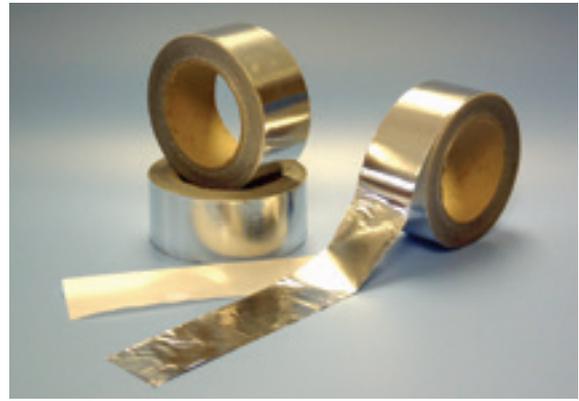

The **hook and loop system** allows for a variety of individual applications. Easy to apply and remove, it can adhere to most clean smooth surfaces including glass, wood, metal and fabric.

The hook and loop can then be used over and over again.

## Aluminium Foil Tape

**Aluminium foil tape** is ideal for thermal insulation and moisture sealing. The tape is also thermally conductive, heat and light reflective, flame resistant and adheres to metal, plastic and wood surfaces.

Available in various widths, the foil tape has a large range of temperature resistance.

## Cloth Tape

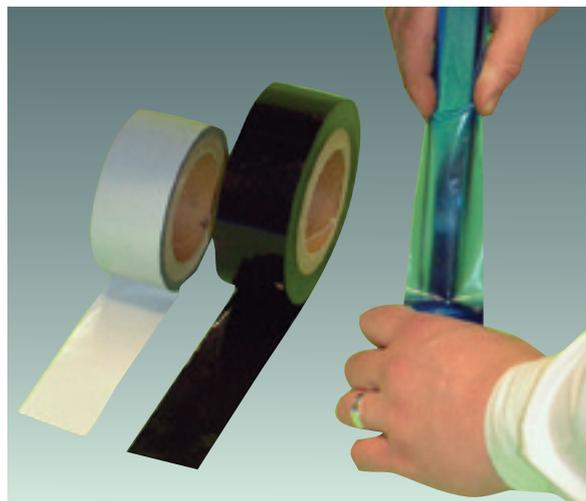

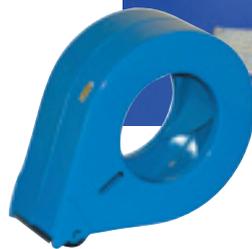

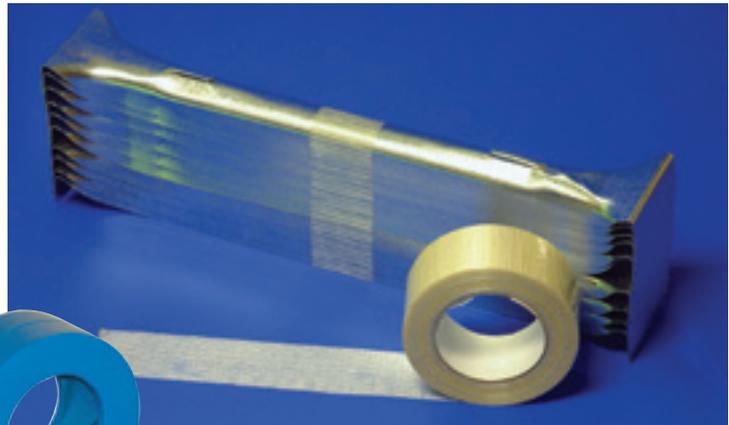

**Cloth or 'Gaffa' tapes** are manufactured from a layer of polyester cloth and polythene film laminated together. A very strong adhesive gives a highly versatile, robust and completely waterproof seal. This makes it ideal for sealing consignments to be exported by sea or air. It is supple and easy to tear by hand.

## Mono & Cross-Weave Filament Tape

A reinforced tape with woven glass fibre filaments makes this product ideal for banding heavy consignments and reinforcing cartons and containers. Supplied in 50mtr length rolls and a variety of stock widths.

**Mono-weave tape** is tear proof across the width, whilst **Cross-weave** is tear proof in both directions making them perfect for all strapping applications.

Dispensers are also available.

## Low Tack Protection Tape

**Low tack protection tape** is ideal for the protection of metallic and plastic products from surface scratching and dust. Easily applied and removed, it will not leave a residue.

Available ex-stock and to specification, protection tape comes in a variety of colours, widths and lengths.

(See page 60 for our range of carpet protection tape)

## Tamper Evident Security Tape

Secure your packaging with tamper evident tape.

Cardboard cartons, mailing envelopes, courier bags and countless other products can be secured with tamper evident tape. The two part tape is designed to give visual evidence of tampering, using special pressure sensitive adhesive which if released exposes a hidden message, such as 'Void'. The tape can be printed with various messages to suit your requirements.

## Heavy Duty Carpet Tape

General purpose **cloth carpet tape** has a synthetic rubber adhesive, paper liner and strong adhesion. '**NEC APPROVED**' printed tape is coated with an emulsion acrylic adhesive on the open side and a hot melt adhesive face on the reverse side. The open side can be easily removed without leaving any surface residue. This is a temporary carpet tape approved by the National Exhibition Centre.

## Reflective Tapes

Our **reflective tapes** offer a high quality solution for vehicle marking. They can be used on all types of vehicles and are easy to apply and peel resistant.

## Stereo Mounting Tapes

Our high performance double sided **stereo mounting tapes** can be used on both steel and rubber cylinders. The tape offers good adhesion and a high quality print when run at high speeds and leaves no residue.

## Glue Dots

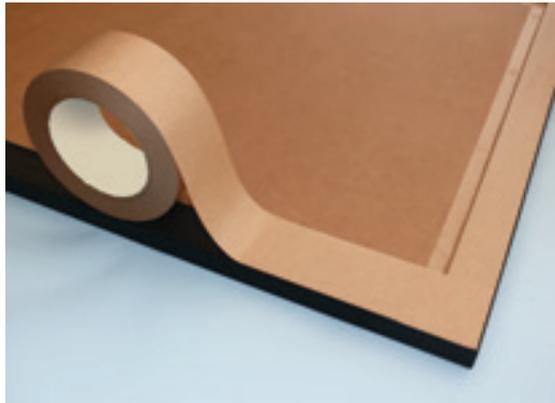

**Glue dots** are ideal for sticking cards, samples and documents for mailing. Packaged in a handy dispenser, they are a cost effective alternative to hot melt adhesives and are easily applied and removed. Higher tacks are available where greater bond is required.

## Gummed Paper Tape

This **water activated paper tape** is suitable for all packaging and carton sealing applications. Available from stock in several widths and a choice of medium or heavy duty grade to suit the required application. Various dispensers are also available.

Please ask our sales team for more details. **Heat activated tapes** are also available from stock.

## Kraft Paper Tape

**Kraft paper tape** is an environmentally friendly alternative to polypropylene and vinyl packaging tapes. It adheres quickly and securely to all cardboard surfaces and has a non ageing and aggressive adhesive system making it an ideal choice for picture framing.

## Tape Dispensers

Standard Tape Dispenser

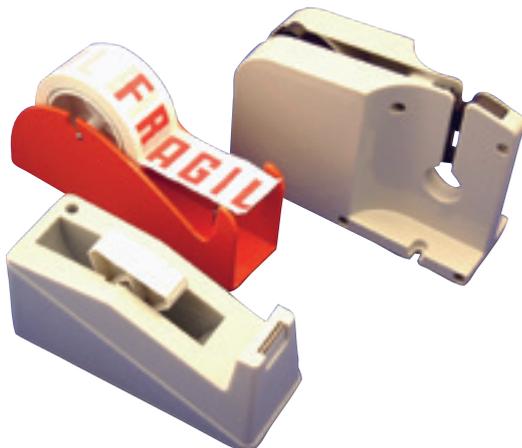

Heavy Duty Tape Dispenser

Silent Tape Dispenser

3" Tape Dispenser

Heavy Duty All Metal Dispenser

Our range also includes various sizes of **desktop dispensers** to accommodate different widths of tape and **bag neck sealing tools** which are ideal for sealing polythene bags.

Enclosed tape dispensers for filmic and crossweave tapes.

## Custom Printed Tapes

### Why use printed tapes?

- The most cost-effective way of promoting your corporate image and securing your packaged products against would be thieves.
- Readily identified in the distribution system reducing losses.
- Origination costs on tapes are far less than on other materials.
- Bright, eye-catching and appealing.
- **Free Artwork** on 144 roll orders (1 colour only).

## Various Specifications Available

**Polypropylene Tape:** The most versatile and widely used tape for case sealing, creating high speed production combining ecology with economy.

**Low Noise Polypropylene:** For smooth silent application.

**Vinyl Tape:** This is the traditional packaging tape. Offering high conformity and breaking strength with an easy quiet application.

All tapes are available in brown, transparent and white, in widths ranging from 12mm up to 150mm.

We can print up to a maximum of 3 colours.

### FLOOD PRINT

(White base film, flood coated red, text in black)

### POSITIVE PRINT

(White base film, text printed red)

### REVERSE PRINT

(White base film, reverse printed red)

**Need help or ideas with your design?**  
Our sales team will be happy to assist you in creating a design that will enhance your company profile. Artwork is provided prior to printing for your approval.

## Shockwatch and Tip 'N' Tell

**Shockwatch** is a self-adhesive label which ensures your fragile products arrive safely at their destination. The label is applied directly to the package and if activated will turn from clear to red, thus indicating any mishandling. A full range of shock levels are available to suit every application.

**Tip 'N' Tell** self-adhesive devices indicate whether a container has been tipped in transit.

# Labels

At Simpson Packaging we print labels in house on our own machines. A wide range of label sizes and colours are available. Supplied on rolls, labels can be plain or economically designed to your specification.

YOUR NAME HERE

Domestic & Commercial Move labels can be printed to your own design to enhance corporate image and presentation. Affordable origination charge and low minimum quantities make these labels a must.

JUST TELL US YOUR DESIGN IDEAS

Label Sizes From Stock	
Inches	mm
1.5"x1"	38x25mm
3"x2"	75x50mm
4"x5"	100x125mm
4"x6"	100x150mm

## Custom Printed Specialist Labels

We are able to design and print **bespoke specialist labels** to any shape and size. They can be printed onto a variety of materials from paper to vinyl to provide a high quality finish.

## Moving / Storage Label Packs

**Moving / Storage labels** clearly mark which packed items are from which room. This makes the job of unpacking quicker and easier and also reduces the chance of losing items. It can speed up a house removal, as the removers will know where everything goes.

## Computer Labels and Printer Ribbons

A full range of **Computer labels** are available on rolls or sheets in a variety of sizes. These white self-adhesive labels ensure sharp and accurate printing every time. Coloured thermal transfer printer ribbons are also available for most brands of printing machines.

## Parcel Labels

We offer a range of **parcel labels** with a variety of instructions. They are available on rolls and in various sizes for use when required in any warehouse or packing room application.

Size: 108x79mm

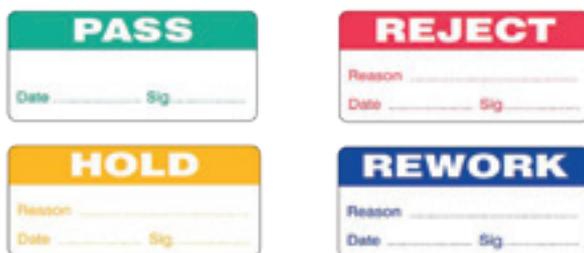

Size: 148x50mm

Size: 89x32mm

Size: 51x25mm

## Hazard Warning Labels

All our **Hazard warning labels** are manufactured on high quality vinyl material with a permanent adhesive backing. Size: 100x100mm. Supplied on rolls of 250.

Please ask about other available Hazard Warning Labels

## Label Dispensers

**Label Dispensers** are available in a range of widths and offer an efficient solution to speed up your packing operation. Hand held dispensers are also available.

Wall Mounted Label Dispenser:  
Available Sizes:  
86mm, 110mm, 162mm & 226mm

Bench Type label dispenser.  
Available Sizes: 80mm, 110mm, 160mm,  
210mm & 250mm

## Postal Tubes

**Cardboard postal tubes** are not just ideal for posting documents and posters but also heavier items such as tripods, steel bars and other long industrial items. We stock a tube 676mm x 76mm (ID) x 2mm (wall) with end caps. But a full range of diameters, lengths and colours are available to order.

When ordering postal tubes, add 30mm to the usable length to allow for the end caps and have the wall thickness and diameter available.

## Document Enclosed Wallets

Plain or printed **document enclosed wallets** are self-adhesive, waterproof and secure. Available in roll form or singles, they are quick and easy to use allowing documentation to reach its destination safely, giving a direct saving on increasing postal costs.

The envelopes can be custom printed with up to 3 colours. (minimum order quantity 10,000)

**Retail packs** and new **Biodegradable Pouches** are also available.

Bio Pouch

<b>JFPB816</b>	8	442x661mm	50

This tough, tear resistant mail bag is ideal for posting heavy or bulky items. It is environmentally friendly being manufactured from macerated paper fibre and a 90gsm kraft outer.

## Mailing Bags

Our **mailing bags** are made from a grey opaque recycled film in various sizes. They are lightweight, weatherproof and durable. A secure self-seal closure makes them ideal for mail order despatch.

**Co-extruded mailers**  
(white outer / black inner)

## Poly Mailers

Our tear-proof and resistant polythene air bubble bags offer an opaque, water proof and secure form of shipment for sensitive goods. The bags can be easily labelled with a ball point pen and are available in a range of eleven standard sizes

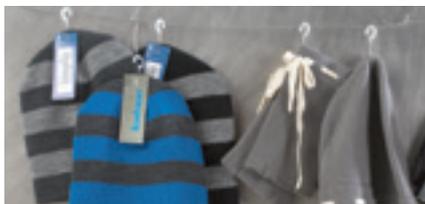

## Tagging

**Fasteners** are used in hundreds of different applications, the most common being garment tagging, for this alone there are a wide range of fasteners available varying in size and thickness. Many types of guns and needles are also available to suit your application. The standard fastener is suitable when there is no risk of fabric damage and the micro fastener and fine fabric fastener can be used for more delicate tagging.

Micro Fasteners

Standard Hooks

Paddle Fasteners

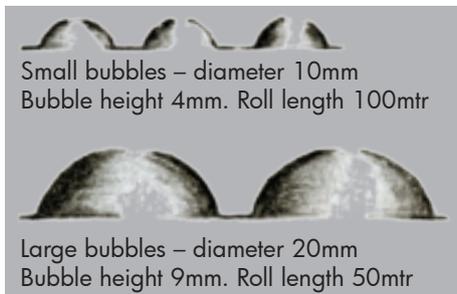

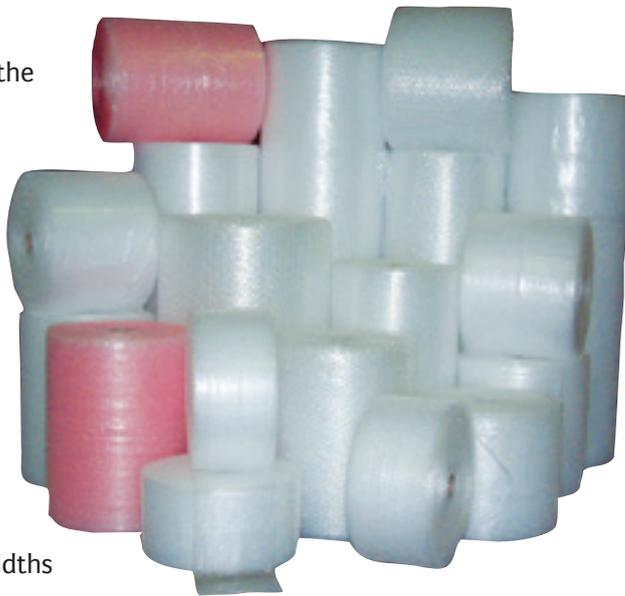

Secure-a-Tach

## Bubble Wrap

**Bubble wrap** is possibly the most versatile of all packaging products. Cost-effective and lightweight, bubble is strong, shock resistant and user friendly, offering superb protection, cushioning or void fill. We offer a comprehensive range of standard and large bubble sizes (see below) with widths from 150mm to 2400mm.

### Specialist Bubble wraps

- Anti-Static (Pink)
- Heavy Duty
- Flame Retardant
- Double Laminated
- Coloured Bubble
- UVI Resistant
- Perforated
- Bubble Sheets
- Self Adhesive Bubble
- Foam / Bubble Laminate
- Easi-Tear Bubble

## Retail Packed Bubble (Mini Rolls)

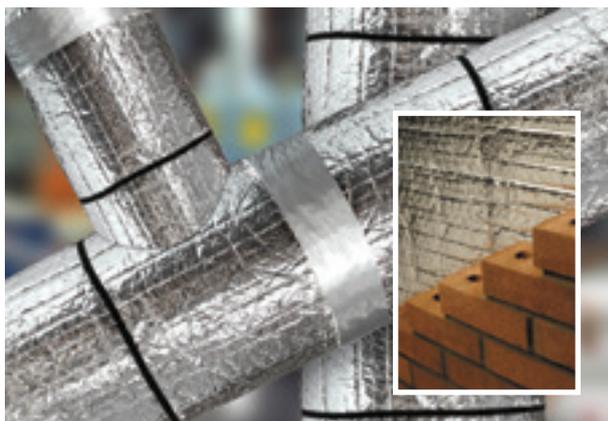

Retail packs on display

Bubble can be rolled into mini rolls for smaller users, or for resale in retail environments (such as self storage). We offer two stock, prepacked sizes:

Code	Size	Type	Quantity
SDB8	500mm x 10mtr	Standard Bubble	40 per box
SDB9	750mm x 25mtr	Standard Bubble	4 per pack

Other sizes are available to order.

## Sanflex Insulation

**Bubble Insulation is available in 3 forms**

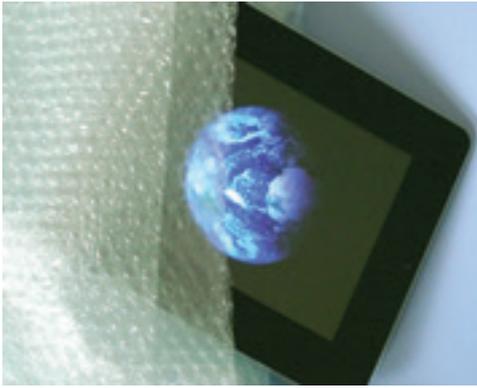

**2B2** – a double layer of polyethylene bubble sheet, faced on each side with coated aluminium foil.

**2B1** – a single layer of polyethylene bubble sheet, faced on each side with coated aluminium foil.

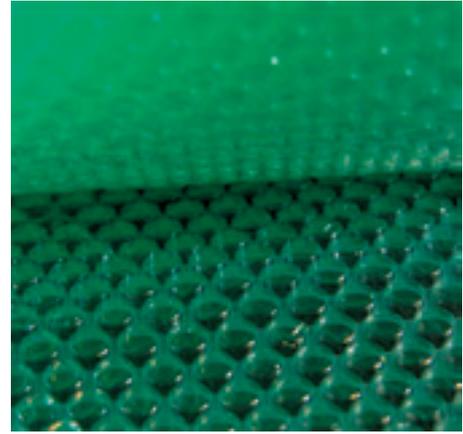

**1B1** – a single layer of polyethylene bubble sheet, faced on one side with coated aluminium foil.

Agrément Certificate – Available on request.

## Oxo-Biodegradable Bubble Wrap

Sancell-Bio **Oxo-Biodegradable bubble** wrap is the most eco-friendly bubble available. This environmentally responsible protective wrap is safe to be deposited in landfill sites and will then naturally degrade over a period of time.

200mtr Bonus Bubble    100mtr Standard roll

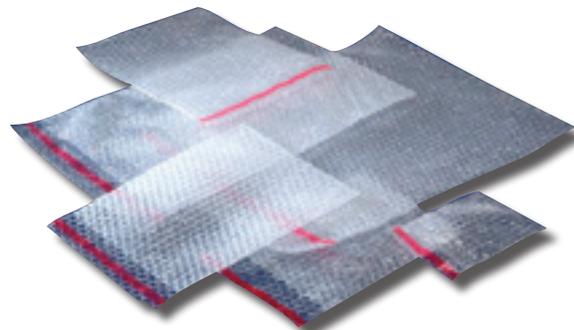

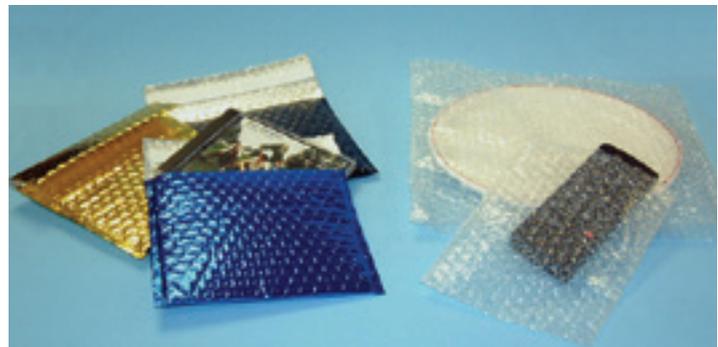

## Bonus Bubble

**Bonus Bubble** offers a double length (200 metres) roll. The film is tighter wound making it only one and a half times bigger than a standard 100mtr roll. This is more cost effective as only one cardboard core and outer bag are required and space is saved in transport of the product and storage. Bonus Bubble is available in a range of widths. (Standard Bubble Only)

## Bubble Bags / Pouches

Preformed **Bubble Pouches** offer a lightweight protection against knocks and bumps. A self adhesive strip allows the bag to be sealed securely and a smooth inner ensures products can slide in and out with ease. Available in a range of stock sizes (Standard Bubble or Antistatic). The bags can also be made from coloured metallic bubble (shown opposite) for maximum presentation impact.

## Softline Bubble Blanket

Simpson Packaging is the UK's leading distributor of Softline Bubble Blanket.

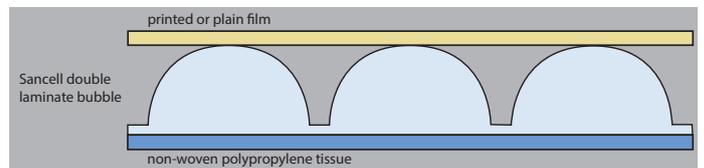

Designed specifically for the protection of all types of furniture during transit and storage, **Softline Bubble Blanket** offers not only the versatility of 'Bubble on a roll', but provides greater flexibility and reduces waste compared with other traditional forms of furniture protection. With the tissue being slightly absorbent, it can also be used to protect ceramic, leather, wood and automotive products.

## Bubble / Foam Laminate

Standard bubble can be laminated to Polyethylene Foam for double cushioned protection. We stock this product in rolls of 1200mm x 100mtr.

**Code: BF01**

## Polyethylene Foam

**Polyethylene foam** is clean, tough, non-abrasive and moisture resistant. Manufactured from millions of air filled cells, foam offers shape retention, uniform protection and cost effectiveness. **Foam rolls** are available ex-stock in a comprehensive range of widths, lengths and thicknesses.

### Specialist foams include:

- Kraft Laminated Foam
- Self Adhesive
- Anti Static
- Foam Sheets
- Foam Pouches
- Perforated
- Foam Plank

## Corrugated Paper Rolls

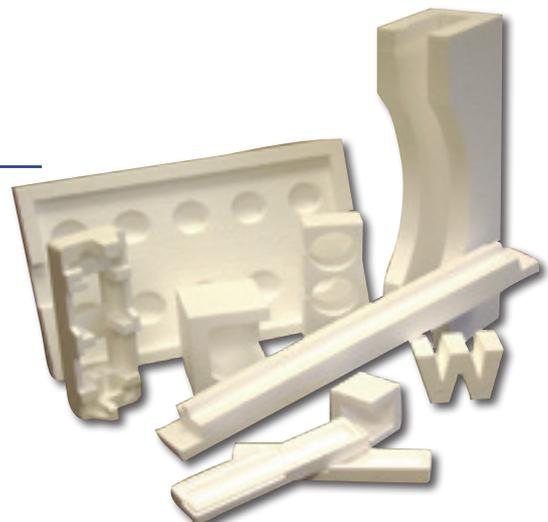

**Single-faced corrugated paper rolls** offer low cost general purpose protection packaging for a multitude of applications. Manufactured entirely from recycled paper, it is available in standard 75mtr length rolls and a variety of widths from 50mm to 2500mm. Also available as pre-cut sheets or with a self adhesive coating.

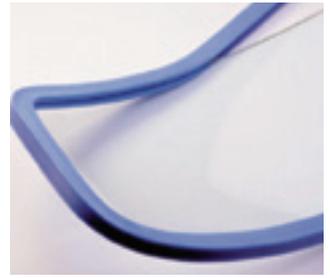

## Polystyrene

**Polystyrene** is one of the most versatile and inexpensive packaging materials available on the market today. Available in sheets, or manufactured to your design to meet your packaging needs.

**Polystyrene bead** is also available on request. (See page 41 for polystyrene moulded corners)

## Polyethylene Foam Profiles

**Polyethylene foam profiles** are the answer to many edge protection problems. Manufactured from LDPE foam to provide maximum cushioning and impact resistance. A variety of shapes and sizes are available to suit any application. **'U' profiles** are designed with integrated grip to fit securely onto edges. **'L' profiles** are ideal for right angle edges and **screenguard** is ideal for glass.

"U" Profile	Ref.	Length A mm	Length B mm	Length C mm	Length D mm	Colour	Length m	m / box

## Pre-Formed Foam Corners

Code	Profile	To Fit Width	Box Quantity
NFC01	U-15	5mm - 15mm	900
NFC02	U-25	15mm - 25mm	600
NFC03	U-35	25mm - 35mm	400
NFC04	U-45	35mm - 45mm	300
NFC05	U-60	45mm - 60mm	200
NFC06	U-80	60mm - 80mm	160

A full range of **foam 'UT' profile corners** are ex-stock. To find out which size profile will best suit your packaging needs, see the table (left).

These are ideal for tables, doors and panels.

EPS Corners

## Three Point Foam and EPS Corners

Three point corner protectors are available in expanded polystyrene (EPS) or closed cell non-abrasive foam (PE). Both products are lightweight and shock resistant.

PE Foam Corners

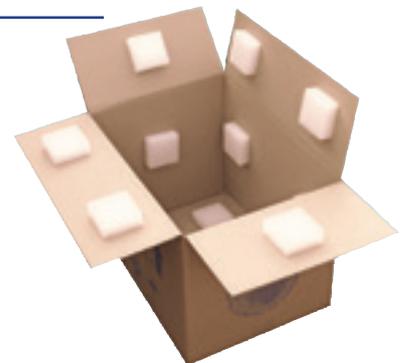

Material	Size (mm)	Thickness (mm)	Pack Qty
Polystyrene / EPS	60x60x60	20	500
Polyethylene / PE	60x60x60	15	1300

## Self Adhesive Foam Blocks

**Self Adhesive Polyethylene Foam Pads** are manufactured from closed cell foam and have one surface coated with a permanent adhesive. This allows the pads to be firmly secured on the inside of cartons to protect the contents from movement damage. The pads are supplied in sheet form.

Size: 75x75x25mm (1000 per box)

## Foam and Air Cushion Bottle Packs

**Expanding net foam** bottle shrouds are ideal for protecting bottles and chair legs.  
Size: 85x320mm  
(500 per box)

For ultimate bottle protection in transit, we suggest our **air filled cushion packs**.

External Size:  
150x110x400mm.

## Extruded Plastic Protective Sleeving

**Protective sleeving** is ideal for a wide range of applications from small components and chair legs to bottles and bulky machine parts. The expanding mesh is resistant to grease and oil and allows the product to breath.

Code	Min/Max (mm)	Roll Length (m)	Colour
TP010	10-20	200	Violet
TP020	25-50	200	Blue
TP050	35-70	200	Yellow
TP075	50-75	200	Brown
TP100	50-100	200	Red
TP140	70-160	200	Ochre
TP180	125-200	50	Light Green
TP230	150-300	100	Blue

## Plastic Corner Protectors

Three types of **plastic corner protectors** are available from stock. **Expanding corners** stretch to size for use with varying widths, **closed corner** protectors for products of the same thickness and **open corners** for three point surfaces.

Size (mm)	Box Qty	Open Corner
1) 60x60x28	1000	

Size (mm)	Box Qty	Closed Corners
1) 60x60x15	1000	
2) 60x60x18	1000	
3) 60x60x22	850	
4) 60x60x28	700	
5) 60x60x40	600	

Size (mm)	Box Qty	Expanding Corners
1) Medium to suit 16-40mm	1000	
2) Large to suit 35-70mm	250	

## Cardboard Edge Protectors

Solid **cardboard edge protectors** are available in standard one metre lengths or can be made to your requirements. They have a number of uses: illustrated below are just a few examples. Other uses would be to stabilise pallets, protect products from strapping and they can be used to reinforce cartons. Custom printing is also available.

<p><b>CORNER GUARD</b> Upright edge guard that holds irregular goods in place on the pallet.</p>	<p><b>PROTECTIVE EDGING</b> For use as packaging and protection.</p>	<p><b>EDGE GUARD</b> Edge guard in two directions that keeps goods in place.</p>
--	--	--

## Voidfill

**Flo-pak® Green** loosefill chips are made from 100% recycled EPS material. The cushioning chips interlock to fill up all the voids in a box. The product is dust free and green in colour. Supplied in a 15ft<sup>3</sup> bag. (H1720 x W700 x D350mm)

**Gravity fed loosefill hopper dispenser systems also available (2 & 4 bag). See page 61**

### BIODEGRADABLE LOOSEFILL - THE NATURAL ALTERNATIVE

<b>Cost effective:</b>	Cheaper than polystyrene voidfill
<b>Environmentally aware:</b>	Made from sustainable raw materials
<b>Easy disposal:</b>	One good rain shower and Ecoflow is gone
<b>Not subject to waste packaging regulations:</b>	Unlike paper, plastic and polystyrene
<b>High performance:</b>	Resilient, cushioning and protective
<b>Dust free:</b>	Lowest static loosefill available
<b>100% Recyclable:</b>	Totally biodegradable
<b>Odour free.</b>	No smell

## FOAMplus® Handpacker: The Direct-Foam System

The **Handpacker** is manually operated, with fully electronic microprocessor control to maintain consistent quality. Its performance capability makes FOAMplus® amongst the fastest foam-packaging systems. It speeds up the packaging process without sacrificing packaging quality.

The self-diagnosing software in the **FOAMplus®** system keeps everything working smoothly and effectively. The foam gun is self cleaning and delivers packaging foam of the very highest quality.

## Wood Wool

**'Wood Wool'** is a light, shredded, kiln dried softwood, thus saving weight during handling and transit. It is very resilient, offering excellent cushioning and is easy to handle as it is non-static. It is available in 5kg and 15kg rectangular bales, sealed in polythene bags making it ideal for outdoor storage and creating no problems when stacking.

## Air Cushion Machines

The **MINI PAK'R** is a small, versatile system that allows you to produce air cushions on demand. Available for purchase it is an easy to use machine with no compressed air needed and comes with a 12 month warranty. It can produce 5 types of air cushions (below) at a rate of 7.5 mtrs per minute. Weighing only 6kg, this compact, lightweight, portable machine is ideal for any voidfill user, where storage space is at a minimum.

**DOUBLE CUSHION**

**QUILT AIR - SMALL**

**QUILT AIR - LARGE**

**SUPERTUBE**

**No minimum roll usage. All the different types of film shown will run through the machine along with standard cello film.**

**ASK FOR A NO OBLIGATION DEMONSTRATION**

## Opus Bio

Opus Air bio-degradable machine and rolls offer quick and easy void filling and protection. One roll of 500 metre length equates to 3.9 cubic metres of void fill.

## AIRplus

The AIRplus packaging machine eliminates the need for storage and handling of pre formed traditional packaging. Fast and simple to use AIRplus pillows can be made on demand. Choose from four different cushion configurations to best suit your requirements.

## Paper Systems

Various paper packaging machines are available which automatically feed, crumple and dispense paper directly into cartons. The material is recycled kraft paper which can be used as voidfill, cushioning or for bracing in cartons. The machines are available bench mounted or stand alone for use on conveyor lines.

**ASK FOR A NO OBLIGATION DEMONSTRATION**

## Waste Converter

Convert your waste boxes and corrugated board into free packaging and voidfill. A range of machines are available depending on your application.

**ASK OUR SALES TEAM FOR MORE DETAILS.**

## SELF PAK Removal / Storage Kits

Our **Removal / Storage Kits** are designed to offer everything needed for packing household goods in a single pack. Standard and large kits include everything from boxes and tape to bubble and mattress covers. The kits are available in retail ready outer cartons which can then be used as mirror or picture boxes. The outers can be custom printed to your specification and we will even despatch the kits direct to your clients home or business saving you time and money.

**DIRECT DELIVERY TO YOUR CUSTOMERS DOOR**  
JUST GIVE US THE ADDRESS AND WE DO THE REST!

(Large Kit Contents)

## SELF PAK Removal Kits (Design Your Own)

As the UK's leading independent supplier to the removals and storage industry, we appreciate that no two moves are the same. Our service allows you to order exactly what is required for each home removal. The range includes cartons, bubble, tape and furniture covers to ensure your client has everything to pack their belongings.

Simply return our easy to use electronic order form which will calculate the total order value including carriage and we will despatch the required materials direct to your customers door.

All materials are packed in sealed polythene to protect against the elements during transit. Our reliable carrier service provides next day, weekend and timed delivery options.

(see table above)

\*Picking & Packing and carriage charges apply. (P.O.A.)

# SELF PAK

STORE & MOVE PRODUCTS

Simpson packaging are the leading independent supplier to the UK and European Self Storage Industry. We are active supplier members of the Self Storage Association and affiliate members of the British Association of Removers. We are exclusive owners of the renowned Self Pak brand of Retail Ready packaging products, locks and handling materials.

- Low Cost Minimum Orders
- Competitive Pricing
- Next Day Delivery Available

## Shredding Products and Supplies

We stock a comprehensive range of shredding products offering secure data collection and storage prior to destruction. The range includes woven polypropylene sacks (plain or printed with your design), plain or numbered security ties, lockable wheelie bins and office console units with interior collection bags.

Console Collection Bags

Consoles

## Polypropylene Hand Strapping

Versatile, light and flexible, **polypropylene (PP) tensional strapping** is stocked in a comprehensive range of widths, breaking strengths and colours. It is ideal for sealing boxes, bundling and securing pallets. Hand strapping is available on cardboard cores or plastic reels and can be custom printed to your specification, giving security, ease of identification and image enhancement.

**ASK OUR SALES TEAM ABOUT LOW COST STRAPPING STARTER KITS**

## Strapping Machines & Machine Strapping

We stock an extensive range of **polypropylene machine strapping** for use with all makes of semi or fully automatic strapping machines. Stocked in widths from 5mm to 12mm, **machine strapping** is supple, adaptable to a variety of package shapes and requires no seals as it is heat friction welded. Packing operations can be greatly increased in efficiency with the addition of a fully or semi-automatic strapping machine.

**Semi-automatic strapping machines** are reliable, robust and economical. They provide a fast and efficient method for strapping single or multiple items. For larger packing operations **Fully-automatic machines** strap at the touch of a button. All strapping machines are fully CE approved and we offer after sales service from our team of trained engineers.

## Extruded Polyester Strapping

**Extruded polyester strapping** is twice as strong as polypropylene and is the modern, safe alternative to steel strapping. It has the advantages of flexibility, strength retention, cost effectiveness and is environmentally friendly.

As well as these benefits, it does not rust, mark your product or spring back when cut like steel strapping.

Polyester is available in various stock widths, break strains and can be custom printed to your specifications.

**THE SAFE ALTERNATIVE TO STEEL**

## Strapping Tools

Sealer Tool

Light Duty Tensioner  
Heavy Duty Tensioner

Budget Combination Tool

RSK Combination Tool

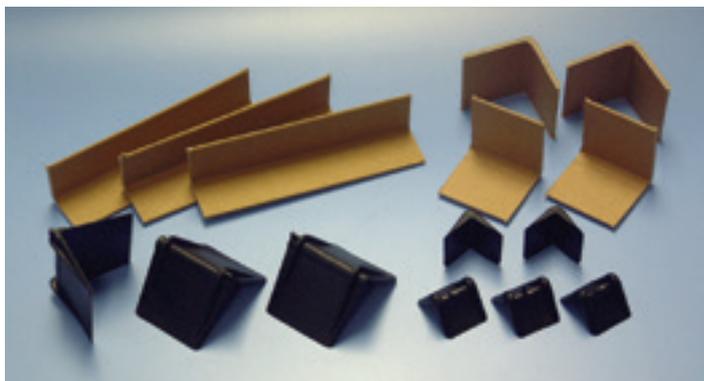

Fromm P403 Heavy Duty Combination Tool

GT1 Heavy Duty Friction Weld Tool

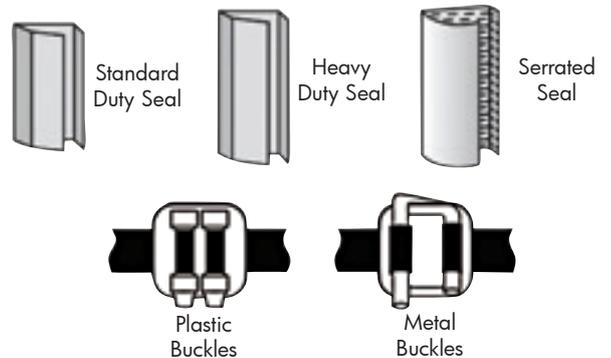

Extruded polyester and polypropylene strapping can be used in conjunction with a variety of tools. Our stock range offers the solution to every application. **Budget sealers, tensioners and combination tools** are ideal for starting out, whilst the **RSK** or **Fromm P403** cater for heavier applications. The **GT1** friction weld tools are designed for quick, effortless, multiple strap operations and require no metal seals, as the strap is heat welded together.

**ASK FOR A DEMONSTRATION**

## Accessories

Plastic and cardboard **edge protectors** prevent damage to the item being strapped and the user friendly **'pallet probe'** (not shown) is ideal for threading strapping under pallets.

A large range of **seals** (semi-open and serrated) and **buckles** are available to secure all widths of polyester and polypropylene strapping.

## Plastic Strapping Dispensers

A full range of **mobile** and **static dispensers** are available for polypropylene and polyester strapping

Static Dispenser  
(Plastic Reels)

Mobile Dispenser  
(Plastic Reels)

Mobile Dispenser  
(408mm  
cardboard cores)

## WOVEN POLYESTER STRAPPING

The ideal alternative to steel strapping.

- Weather Resistant
- Strong as Steel
- Fast and Easy to Use
- No Sharp Edges
- Very High Capacity to Absorb Shocks During Transport
- Ideal for Vehicle Lashing in Containers

## BALE PRESS STRAP

**Bale press strap** is a corded polyester which has been designed for use in baling machines or waste compactors. It can be hand tied or used with metal buckles when further tensioning is required. Available in various widths it is wound onto a 60x160mm core.

## STAINLESS STEEL STRAPPING

**Stainless Steel Strapping** is strong and corrosion resistant making it ideal for outdoor use. It is used with knockdown style buckles and tensioning tool.

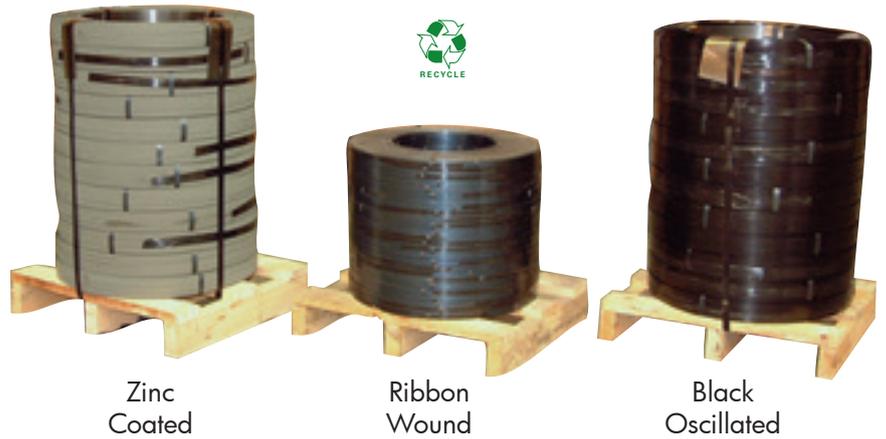

## Steel Strapping

**Steel strapping** is the strongest strap of all, with very high breaking strains, it is ideal for securing heavy loads with sharp angles. Five widths are available (13, 16, 19, 25 and 32mm), along with a choice of coil sizes.

**Ribbon wound** coils are single wound for smaller users, whilst **Mill wound (oscillated)** steel is cross wound to give longer length rolls.

Standard steel is black painted for corrosion resistance and zinc coated steel is available for outdoor use and prevents rusting.

A range of budget sealers and tensioners are designed for the smaller user, whilst the heavy duty 'sealfree' combination tool is a single unit which tensions, seals and cuts for quick efficient strapping.

## Stapling

**Rapid staplers** are renowned worldwide for their quality and reliability. Rugged and strong, they are precision made in Sweden from top grade steel and designed with easy handling and comfort in mind. We stock a full range including 'PLIER', 'HAMMER' and 'PISTOL' type staplers, with staples to meet every application.

**Rapid** 

**Carton top and bottom staplers** are fast, user friendly and will increase efficiency on any packing line. Available for manual use or pneumatic for extra speed.

## Glue Guns and Glue

We stock a comprehensive range of ergonomically designed, robust, lightweight **glue guns** to suit all applications. Longer triggers and narrow profiles ensure ease of use, reduced fatigue and daylong comfort. We also stock a range of **glue sticks and slugs**.

All our glue guns include a 12 month warranty.

**GX120** Light Duty Gun (12mm)  
• 240v • 120w  
• 193°C • 400g

**GX300** Medium Duty Gun (12mm)  
• 240v • 300w  
• 120-230°C • 700g

**GX600** Heavy Duty Gun (18mm)  
• 240v • 600w  
• 140-230°C • 1000g

**GX600a** Heavy Duty Gun, Air Assisted (18mm)  
• 240v • 600w • 140-230°C  
• 1300g

## Rubber Elasticated Bands

**Elastic bands** are manufactured from synthetic rubber and offer a simple and economical way of bundling small items and securing packets and parcels.

A comprehensive stock range is available.

Product	Size (mm)	Quantity per lb
<b>No.8</b>	25x1.5mm	3000
<b>No.14</b>	50x1.5mm	1900
<b>No.19</b>	90x1.5mm	1100
<b>No.28</b>	40x3mm	1200
<b>No.34</b>	100x3mm	500
<b>No.38</b>	150x3mm	330

\* Other sizes are available to order \*

## Scissors, Twine and Rope

A comprehensive range of household, stationary and industrial **strings, ropes and twines**, manufactured from both polypropylene and cotton are available. Cutting devices include **scissors** and various **safety knives**. (see page 61)

## Transit Blankets

Simpson Packaging are the UK's leading supplier of **transit blankets**. We carry large stocks available for immediate despatch. Our blankets provide excellent protection for all shapes and sizes of furniture, antiques, office equipment and shop fittings. Made of a wool mixture with cross stitching for maximum strength, our blankets ensure goods are protected during transit and storage.

### SIZES AVAILABLE FROM STOCK

**TBC1** 150cm x 200cm Standard (25 per bale)

**TBC2** 150cm x 200cm Standard (Individually Shrinkwrapped) (See page 48)

**TBC3** 200cm x 250cm Large (25 per bale)

## Quilted Moving Pads

These heavy duty transit covers are perfect for protecting expensive and easily damaged furniture. They are made up of robust, multi layered quilted material and are larger than the standard transit blanket (**1.8mtr x 2.2mtr**). The edges of the pads have a stitched band to prevent fraying which can be printed with your name to enhance your company profile (subject to M.O.Q.). These quilted moving pads are used in conjunction with expandable rubber bands, ideal for pad retention over products.

### SIZES AVAILABLE FROM STOCK

44mm x 20mtr Herringbone Webbing (white)

50mm x 20mtr Cotton Webbing (white)

48mm x 100mtr Polypropylene Webbing (black)

## Webbing Van Ties

**Webbing van ties** are widely used to ensure load security during transit and are designed for use in a range of industries. A comprehensive range offers a choice of colours, widths and breaking strains to meet any application.

Heavy duty **ratchet straps** are also available. Our range offers standard straps suitable for securing palletised goods to more specialised uses such as securing a vehicle during transit.

## Coversafe Furniture Protectors

The **Coversafe** range of pre-formed material furniture protectors, offer protection during transportation and storage. An economical and long lasting alternative to other forms of packaging, **Coversafe** can be used time and time again. Manufactured from top quality materials, the outer cover consists of a heavy duty, shower proof, synthetic layer to give long lasting protection against the elements.

Unlike other alternatives the **Coversafe** lining is made from 200g/m<sup>2</sup> quilted material which is cross stitched and suitable for any surface, from highly polished furniture to leather suites, ensuring no abrasions, scratching or residue occurs during transit as often happens with traditional mixed fibre or blanket linings.

The covers are easy to fit with elasticated enclosures, strong

webbing belts and heavy duty buckle fasteners. **Coversafe** is available in a range of colours and can be custom made to your requirements.

## 3 in 1 Plasma TV Cover (SP29)

The **3 in 1 Multi Function Plasma TV Cover** protects screens or pictures from 32" to 52". Top and side handles allow one or two person carrying and the front (screen side) is protected by two reinforced plastic sheets. Velcro fastenings for ease of use and longevity.

## Mirror / Picture Covers (SP30)

The **Mirror / Picture Cover** with dividers is secured with strong straps and buckles, protected with plastic sheets at the front and back, two handles and has a two way zipper. Number of dividers per customer requirement. Customised size (length x width x height).

**Stock Size:**

**1050x750x200mm  
(4 cells)**

**Coversafe Piano Cover (PC01)**

**Dining Table Cover (SP10)**

**Bannister Protector (SP18)**

**Our range of covers provide:**

- Improved protection during transport and storage
- Easy installation
- Economic and long lasting protection
- Professional image
- Large choice of stock sizes

The furniture is easily and safely carried

## Carpet/Floor Protection

**Stair Stick Carpet Protector**  
(Leaves no residue)

**Foam/Blanket Carpet Protector**  
(‘Stair Stick’ protection on steps)

**‘Foltex’ Carpet Protection**  
(For laminate / tiled floors)

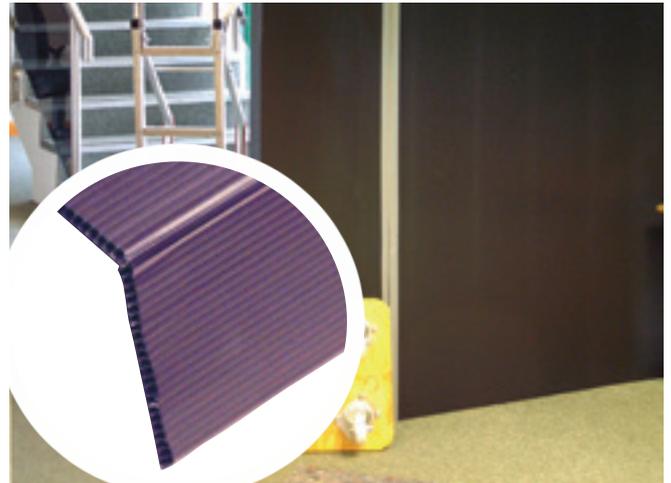

We offer a range of temporary carpet protection. ‘**Stair Stick**’ self adhesive carpet protection film is available in standard and heavy duty grades and various roll lengths. Foltex carpet protectors offer a waterproof liner combined with a cushioned material outer.

## Foam Door/Lift Protector

**Expanding foam door ‘jammers’** offer fast and effective protection to door frames, entrances and lifts. Ideal for domestic or commercial moves.  
Size: 13mm (wall) x 114mm (ID) x 200mm (L)

## Plastic Corrugated Sheeting

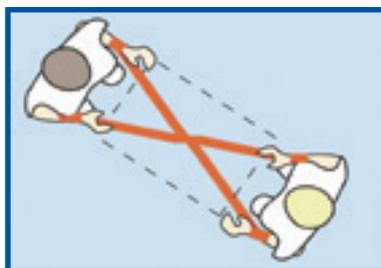

**Plastic corrugated sheeting** can be used as floor surface protection or for wrapping around damage prone areas, such as door frames. Available ex-stock (sheet size 1000mm x 2000mm black) and to specification, with a custom print option. Fire retardant material can also be supplied.

## Forearm Forklift

The ingenious **Forearm Forklift** is an adjustable lifting strap which makes the items being carried seem lighter. The comfort straps encourage correct lifting techniques whilst stabilising furniture to reduce the chances of collision and damage. The ‘Forearm Forklift’ comes with full lifting instructions in a retail pack for resale.  
(Length 9ft 4”. 600 lbs weight)

## Packing Room Equipment

For maximum space efficiency and a faster packing process we offer a complete range of **packaging furniture**. Easy to assemble, practical and hard wearing the modular stations will keep the packing area clean, efficient and productive. Extras can be added such as drawers, mobility castors, IT equipment mounts and waste containers.

**ASK OUR SALES TEAM FOR ADVICE ON WHICH SYSTEM IS BEST FOR YOU**

## TRANSPORT RELATED PRODUCTS

A range of digital and analogue tachograph products are available including:

- Analogue tachograph charts
- Tachograph paper wallets (for storage of charts)
- Approved premium quality digital tachograph rolls
- 3 In 1 download tool (ensures compliance with tachograph regulations)
- Driver vehicle check & defect books (driver copy / office copy duplicated pad meets requirements for your operators licence.)

## Sack Trucks

Our range of standard general purpose hand trucks are manufactured to the highest specification offering maximum strength and durability. The **ST1** and **ST3** are heavy duty tubular steel trucks with a 300kg capacity. (**ST3** has pneumatic tyres). The **ST4** is a 300kg capacity angle iron truck, while the **ST2** is a 200kg capacity flat back van truck.

A variety of truck spares are also available including wheels and rubber hand grips.

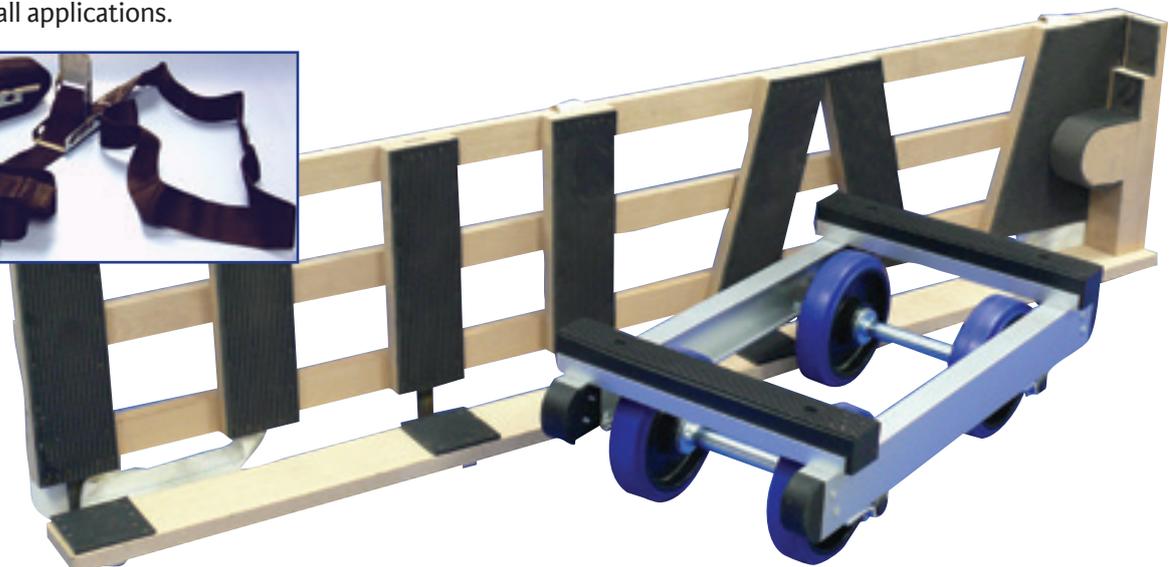

## Furniture Stands

A range of **mobile and static furniture stands** are available in various sizes and specifications. The stands have a space saving nesting facility and are ideal for transporting, storing and displaying furniture.

## Piano Moving Equipment

The '**Piano Truck**' as its name indicates is specially designed for moving pianos, however it has a proven track record for moving other heavy equipment. Manufactured from robust aluminium, with non-marking rubber buffers, the piano truck can be used in conjunction with hardwood **piano skids** and '**Coversafe**' **piano covers** (see page 58). The British made Piano Truck has special non-marking, easy spin wheels and a proven capacity of 550kg. The piano is secured to the piano skid using heavy duty over centre tension straps, available in a range of different lengths to suit all applications.

## Roller Crowbar

Used to lever up and position smaller machinery items or packing cases.

- A Lever bar of strong steel tube on two smooth running steel rollers
- 2000mm long for extra leverage
- Heavy duty construction

<b>Capacity</b>	1.5 tonnes
<b>Type of Roller</b>	Steel
<b>Roller Dia.</b>	75mm
<b>Max Skate Height</b>	145mm
<b>Net Weight</b>	13kg

## Heavy Duty Furniture Mover

Robust lifting mechanism. Safely operated by one person. Sold in sets, including two transport units with safety spindle winch with safety stop and built in securing straps. Ideal for removal, maintenance and installation applications. Winch with crank handle and gear mechanism.

- Support rails with protective covering
- Powder coated finish
- Manual operation
- Non-marking polyurethane wheels

<b>Upright (mm)</b>	570(l) x 390(w) x 780(h)
<b>Toe Plate Size (mm)</b>	255(w) x 120(h)
<b>Net Weight</b>	25kg
<b>Load Capacity</b>	600kg
<b>Lifting Height</b>	300mm
<b>Strap Length</b>	5 metres

## Cash 'N' Carry/Self Store Trolley

A strong tubular steel powder coated construction with zinc plated steel platform, which is spring loaded for nesting, makes this truck ideal for use in self storage warehouses or cash 'n' carry retail environments. 200mm rubber tyred wheels provide a maximum capacity of 615kgs. Platform size: 1195mm x 635mm.

**TRUCKS CAN BE  
POWDER COATED  
IN YOUR COMPANY  
COLOURS**

A budget version is also available with a wooden bed and 150mm solid rubber wheels which has a capacity of 500kg. Platform size: 1195mm x 635mm.

## File Cabinet Mover

The **cabinet skate** is designed to allow one person to move full filing cabinets alone. Made from 6mm aluminium, with non slip rubber top and 80mm swivel wheels.

## Pallet Trucks

Our hand **pallet trucks** are quick and easy to use, strong and robust with a lifting capacity of 2500kg. Polyurethane wheels allow a quiet, smooth operation.

**PT2:** 550mm(w)x1150mm(l)  
(Bespoke sizes available to order)

# Alutruk®

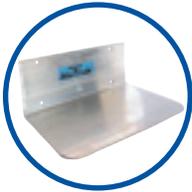

250mm micro-cellular foam tyres with steel hub. It never goes flat.

Cast aluminium with skid bars

Bolted interchangeable parts

A range of toe plates

Axle handle for two man lift

Frame extensions

## A PROFESSIONAL TRUCK TO SUIT ANY APPLICATION.

- 300kg load capacity.
- Lightweight aluminium – stronger than steel.
- Engineered components – precision ball-bearing axles for smoother running.
- Lasts longer – modular construction allows for easy replacement of parts.
- No weld, no stress cracks – just tighten up the nuts and bolts.
- Retains appearance year after year; no chipped paint or rust.
- No punctures.
- Customisable with corporate logos.

## Alutruk® Stair Climber Truck

The heavy duty **stair climber truck** has two sets of three triangular set wheels which rotate to climb steps. It has a solid extended 405x305mm foot for bulky items and weighs only 18kg. Capacity is 180kg when climbing or 300kg on ground level.

## U-Handle Alutruk®

The high backed U Handle Alutruk is ideal for transporting tall items such as wardrobes. The U handle allows easy single handed steering in tight for space areas.

## Metal Wardrobe Frames

**Metal wardrobe frames** are ideal for garment storage and transportation. Portable inter-stacking frames ensure minimum space usage, whilst showerproof nylon covers fit snugly over the frame for protection.

A heavy duty **mobile frame** is also available with a rail width of 1500mm set on 100mm diameter rubber tyred wheels.

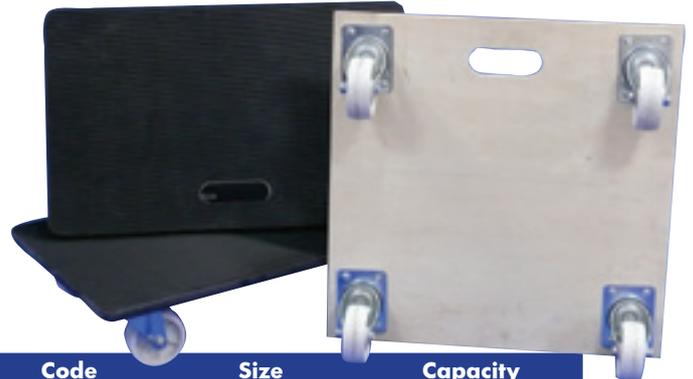

## Wooden Dolly Trucks

**Wooden Dolly Trucks** are available in a range of sizes to suit all applications. Low slip rubber top, protective rubber edges and the trucks have nylon castor wheels. The dollies also have a cut out carrying handle.

'Mighty Mover'  
DT4

Code	Size	Capacity
DT1	19" x 19"	300kg
DT2	15" x 24"	300kg
DT4	23" x 23"	1000kg
DT5 (plastic)	15" x 24"	150kg

## Plastic Interlocking Dollies

Interlocking for larger base (DT5)

Interlocking for storage

## Vehicle Ramps

For fast and efficient access we have a range of **aluminium constructed ramps**. Robust and durable, they are cost effective and maintenance free. Walk-on two stage ramps allow easy access to vehicles being loaded or unloaded, while the heavy duty vehicle ramp is ideal for loading cars and small vans for transportation.

**Anti-Slip Paint** and **Anti-Slip Adhesive Tape** are also available. This can be easily applied to ramps and vehicle tailboards to increase grip.

## Access Ramp

**Heavy duty kerb ramps** are an ideal accessory for any removal van. Made from high visibility yellow plastic with a 300kg payload, antislip surface and a cut out carry handle, the ramps are ideal for running sack trucks and trolleys over kerbs, door frames and other tipping hazards making any job safer and easier.

## Plastic Storage Crates

**Plastic crates** are widely used within both the commercial and domestic removals and storage industry. Tough and durable, they can be interlocked to save space when not in use. An extensive range is available to suit every application.

A cost effective, long term alternative to cardboard cartons, crates are available in a range of shapes, colours and sizes and can be custom printed to your design (MOQ's apply).

L3 Crate: (Ext. Dimensions)	
<b>Width</b>	705mm (top) 600mm (base)

We offer **safety boots, shoes and trainers.**

Disposable, non-slip, elasticated over shoes

## Gloves

We have an availability of most hand protection requirements including **Rigger Gloves, Hi Grip Gloves, Cotton Drill Gloves and Protection Gloves.**

Disposable, polypropylene boiler suit.

### HIGH QUALITY PRINTING AND EMBROIDERY SERVICE AVAILABLE FOR ALL GARMENTS

For an inclusive quotation choose the garments required and submit the following details:  
Prepared artwork where possible, logo size, colour/s, location (i.e. front breast/back etc).

Minimum orders may apply.

Certificate No. FM87155

## INTRODUCTION TO WHITE ROSE PACKAGING

Conceived in 1995 as a manufacturing facility to satisfy a demand for small to medium quantities of rapid turn-around corrugated cartons, generated through its parent company Simpson Packaging, White Rose Packaging has evolved to its present position as an established leader within its area, through a combination of acquisitions, successful growth and ongoing investment in people and machinery.

Now able to supply both small and large users of corrugated cartons and boxes, our enthusiastic approach, willingness to work with our customers and competitive pricing without sacrificing quality, has enabled us to provide the fast and efficient service we have become renowned for.

## Made To Measure Cartons

Available in small or large quantities, **custom-made cartons** reduce the need for protective packaging and save on carriage costs.

Personalised printing of specific messages or logos can promote your products and enhance your company image.

Cartons are available in a range of different styles and material strengths, suited to the weight and size of the contents.

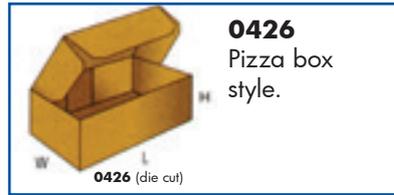

## Ordering Options

**0201**  
The most common style in the UK.

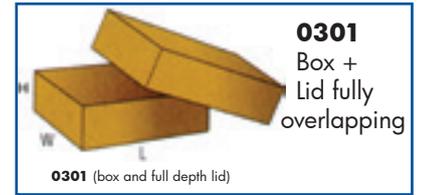

**0203**  
As above with fully overlapping flaps.

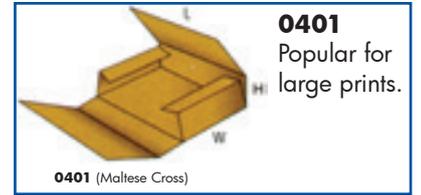

**0426**  
Pizza box style.

**0409**  
5 panel wrap suitable for larger items.

**0301**  
Box + Lid fully overlapping

**0401**  
Popular for large prints.

**Ordering couldn't be easier – just follow our six point plan:**

1. STYLE
2. SIZE (INTERNAL)
3. BOARD GRADE
4. STITCHED OR GLUED
5. PLAIN/PRINTED
6. QUANTITY

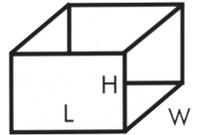

SINGLE WALL BOARD  
'B' FLUTE

DOUBLE WALL BOARD  
'BC' FLUTE

**When ordering; all carton sizes are internal: Length x Width x Height**

## Die-Cut Cartons

Manufactured on-site to your specification, plain or printed, **die-cuts** are supplied flat packed and assembled in seconds without the need for tape. Security locking tabs, handles and cut-outs can all be incorporated into the design.

## Fashion Boxes

We are able to offer a comprehensive range of boxes for the clothing industry from **suit boxes** and **shirt packs**, to portable **wardrobe cartons**. We stock all you need for professional garment packing and transportation.

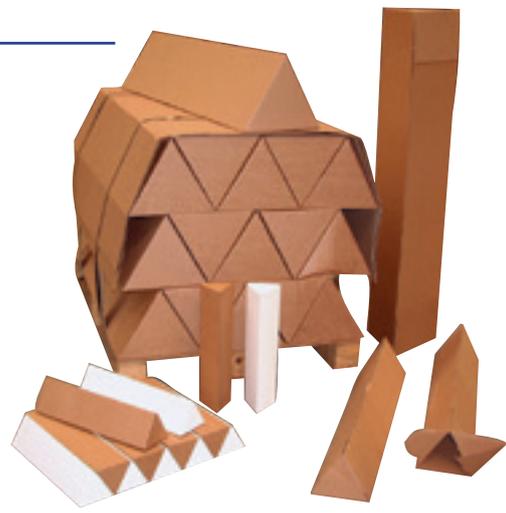

## Pallet Boxes

**Cap and sleeve** construction is designed for export shipping. High quality cases can be made to your own specifications, ideal for packing heavy items. Single cartons can be made quickly for last minute export jobs. Custom made heat treated pallets are also available.

## Postal Boxes

An excellent and cost effective alternative to postal tubes, triangular **postal boxes** can be stored flat packed in a fraction of the space required for conventional tubes. The interlocking stackability when erected, makes palletising much easier and saves on transport costs. The other advantage over conventional tubes is that there is no need for plastic end caps.

## Skillets For Prints

The **0401 skillet** is our most popular product. We offer a 24-hour turn around on any size and any quantity in double or single wall.

Easily put together by folding over the flaps and taping down the centre.

## Screen & Litho Printed Boxes

Printed **Dump Bins** and **Display Stands** in corrugated or solid board. Also litho print and laminated boxes of various styles and quantities available.

## Book Wraps

Designed for books, CDs, DVDs etc and manufactured from single wall corrugated board, this versatile wrap adjusts to the height of your product. Available in a range of stock sizes, **book wraps** can be custom printed to your design.

# DEPENDABLE PACKAGING LTD

**The UK's leading manufacturer of paper blankets, covers and paper cushioning products plus a full range of packaging materials from stock.**

Dependable Packaging Ltd was first established over 30 years ago as a manufacturing company and now forms an integral part of the Simpson Packaging Group. It has vast experience in the manufacture of paper based environmentally aware protective packaging.

Continuous investment in people, product development, plant and equipment combined with our unique in-line printing facility has seen the company remain the most efficient, high quality and cost effective producer of paper based protective packaging in the UK.

Dependable Packaging also has a distribution outlet that stocks the full range of packaging materials offered by the Simpson Packaging Group to service the South West and Wales.
